THE BENNETT LAW !

A Big Convention Held at Milwaukee, Wis., Opposing it--Platform Adopted.

MILWAUKEE, Wis., June 4.—The anti-Bennett convention composed of Catholics, Lutherans, and all those opposed to the Bennett law, met in this city to-day. There was a large attendance and great interest manifested in the proceedings.

There were nearly 700 delegates present when Mr. Christian Koerner, chairman of the aati-Bennett state central committee, called the convention to order at 2 p. m.

The delegates came from all parts of the state and most of them were from the Lutheran churches, but there was quite a number of delegates from other denominations and societies opposed to the law.

Committees will be appointed in each district to ascertain the views of all candidates on the law, and only those who advocate the absolute repeal of the Bennett law will be supported.

After a number of speeches the committee on resolutions reported the following platform which was unanimously adopted.

THE PLATFORM.

The platform is as follows:

We, citizens of Wisconsin in convention assembled, in order to protest against the so-called Bennett law, in the first place consider it necessary to defend ourselves against false representations calculated to prejudice our cause, and do therefore declare:

1. We are not enemies of the English language, on the contrary, we endeavor to furnish our children the very best instruction therein.

2. We consider public schools necessary, but maintain that parents have the right to establish and to select for themselves such schools for their children.

3. We claim no part of the public school fund for the use of parochial or other private schools.

4. We are not opposed to a law prohibiting the employment of children in factories, nor to an enactment providing for reasonable compulsory attendance at school, nor do we object to an interference by the state with schools conducted contrary to the public order and morality. But we protest against the so-called Bennett law, because it unnecessarily and unjustly curtails our civil and religious liberty, for it: 1. Offers the school board an opportunity of determining arbitrarily that a child, during the period of enforced attendance, must attend a school in the city, town or district in which it resides, thus depriving parents of the right to send their children to a better or more suitable school outside the district. 2. It compels parochial and other private schools to observe the time or times of attendance, fixed by the school boards, without regard to the rites and customs of churches or their schools. 3. It prescribes certain studies, as also the medium of instruction therein; furthermore its wording is such as to afford a school board ample opportunity to usurp powers not given them, although the state and its officers have no right to interfere with the management of parochial and other private schools.

We therefore declare that regardless of former party affiliations we shall vote for such candidates only as pledge themselves to work for the repeal of the Bennett law. As patriotic citizens, maintaining human rights both civil and religious, advocating sound principles of education and with no enmity toward the English language, opposed, however, to all measures tending to oppress the immigrated citizens, to suppress their native tongue, we call upon all those who cherish liberty, regardless of party and nationality, to join us in the effort to have this unnecessary, unjust and discord-breeding measure repealed.

KENTUCKY BILL

Creates a Sensation by Swearing Out Warrants for Arrests in Virginia.

CHARLESTON, W. Va., June 4.—J. W. Napier, of Pike county, Kentucky, known along the Big Sandy as Kentucky Bill, has created a big sensation in Logan county among the citizens by going before Justice Atkins at Brownstown and swearing out warrants for Anes, Cape, Jones and Elliott Hatfield, Thomas Mitchell, Frank Ellis, and Clayton Bishop, charging them with having murdered Dave Stratton at Brownstown on the night of May 17 last. Stratton was one of the McCoy leaders. It seems the object in swearing out the warrants is to secure state aid in the arrest of the Hatfields after which it would be easy to turn them over to the Kentucky authorities, who would be only too glad to put the accused under lock and key.

Oregon's Legislature.

PORTLAND, Ore., June 4.—The legislature will stand: Senate, republicans, 22; democrats, 8. House, republicans, 28; democrats, 22.

The republican state central committee estimates the majority of Pennoyer (Dem.) for governor at 3,000. The entire republican state ticket is elected with the exception of the governor.

Unmercifully Beaten.

LITCHFIELD, Miss., June 4.—Because he chided two young men for misconduct in church at Mosherville, Rev. O. C. Nash, of this place, was unmercifully beaten. Moses Eckler and Robt. Engle were arrested for the assault. Yesterday Mr. Nash died from his injuries and the charges against the accused will be changed to manslaughter.

BELLIGERENT PRIEST.

Knocks Down Two Women and a Man and Defies Arrest.

HANOVERMON, O., June 4.—Dungannon, a small village three miles east of here, is greatly excited over the action of Father Hennesy, pastor of the Catholic church at that place. A few days since a woman claiming to be a sister of the priest came from Cleveland to get a child which the priest had in his custody. When she visited the priest he assaulted her, blacking her eye. She took refuge with a family named McGraw. On last Friday the priest was passing the home of the McGraws under the influence of liquor. Miss Ella McGraw sat outside the front door. The priest ordered her inside. She at first refused to go, but he pursued her with a club, striking her over the head and shoulders several times and knocking her insensible. The girl's father interfered and was promptly knocked down. The priest then retreated to his own home, and with a Winchester rifle defied the town. Two residents of Dungannon came here and swore out a warrant for the priest and he was arrested late at night. On being taken before the mayor he was released on $100 bond. This incensed the people. They threaten to cause his re-arrest and secure an increase of the bond. Miss McGraw's condition is said to be critical.

BRITISH FISHERIES.

No Trouble Between the Nations Will Grow Out of the Affair.

NEW YORK, May 4.—The Herald's Sydney, C. B., special gives an interview with Commander Marquis, of the French man-of-war Indre, in regard to the alleged outrage committed by his vessel upon the British fishermen in St. George's bay. The commander says he cannot understand the commotion that has been raised by the circumstances, as there was nothing unusual in what occurred. The treaty rights of the French to fish on that shore has been recognized for 200 years. When the British fishermen take up all the room, a request is made to the British commander in that section to have the trouble remedied so that the French can have a chance. This request is always complied with.

But this year there appeared to be no British war vessels on the coast, and Commander Marquis had to himself request of some of the British fishermen to make room for the French. There were probably 500 nets spread, and he only requested the removal of about a dozen. The request was promptly complied with as usual, and the reports of trouble are unfounded. No trouble between the nations can grow out of such a quarrel.

AN AMUSING CUSS

Walks Out of Jail While the Sheriff Sleeps, Leaving a Letter.

AUGUSTA, Ga., June 4. — Latmill county's only prisoner, confined in jail at Cordsville, unlocked the door Monday night and walked out. His name is John Frazer, a northern man, who was arrested charged with stealing the money of a man with whom he was traveling. Frazer left a letter, addressed to the sheriff, which has created much amusement. In it he states that he is in a hurry to get out of the county and will not, therefore, arouse the sheriff from his sweet slumbers at midnight to bid him good bye. If he remained in jail all summer his muscles would prevent him from doing a good day's work. He thanks the sheriff for being kind to him, and assures him that he will return in October, when court meets, and stand trial, when he hopes to be acquitted.

FEARFUL DEATH.

A Man Jumps From a Fourth Story and is Instantly Killed.

ST. LOUIS, June 4.—Thomas Vines, alias Castello, alias Kain, a telegraph operator, with a family in Boston, jumped from a fourth-story window yesterday and was instantly killed on the granite pavement. He was arrested last Saturday for tapping a wire and swindling the pool rooms on the races out of $5,000.

Mexican Telephone Company.

CITY OF MEXICO, June 4.—The contracts of the Mexican Telephone company with the federal and municipal governments, expires in a few days and this fact has aroused European companies of England and Germany again to enter the field in opposition to the renewal of the concessions to the American companies, and the Bostonians will have to make a good fight to retain their privileges, without which their business is of no account whatever.

Found Dead.

NEW YORK, June 4—At an early hour this morning John S. Parkes, the steward of the Cunard steamer Bothnia, lying at pier 48 in the North river, was found dead in his bunk on board the steamer. The coroner's office was notified. The steamship company will take charge of the body.

Abducted His Child.

CLEVELAND, Ohio, June 4.—Eugene Cowles Monday abducted his little daughter, Florence, from her mother and started by train for Buffalo. He is a son of the late Edwin Cowles, of the Leader. His wife lately refused to live longer with him.

A VILLAGE DOOMED!

Loveland, Iowa, Nearly Swept Out of Existence by a Cloud Burst and High Waters.

COUNCIL BLUFFS, June 4.—The little village of Loveland, 18 miles north of this city, seems doomed. Last Saturday night a cloud burst just above the city, which lies in Dory valley, and sweeping down on the little city carried away a number of houses and buildings. The storm which prevailed over this section Monday night completed the demolition of the village. The Boyer, which was swollen by the previous storm, overflowed its banks from Monday night's rains and carried everything before it. Nothing is left of the hamlet save the houses which stood on high ground. No loss of life is reported thus far.

ANOTHER TOWN DESTROYED.

LINCOLN, Neb., June 4.—Meagre reports from Bradshaw, a hamlet of 400 or 500 inhabitants, about fifty miles west of Lincoln, state that the town was swept away about 10 o'clock last night by a cyclone. Six persons are reported killed and twenty-five or more injured. Telegraph wires are down and no particulars can be learned.

CONFEDERATE GENEROSITY.

In a Few Moments a Score of Them Subscribe $50,000 to the Grant Monument.

WASHINGTON, June 4.—On the night before the unveiling of the Lee statute a score of ex-confederate officers were sitting in the West Moreland club, at Richmond. One of them, now a resident of New York City, spoke of the resolution offered by Representative Fowler, asking congress to give $250,000 toward building the monument that New York City promised to erect to General Grant. The speaker did not approve of the resolution, but said that if New York has not raised the money for the monument before the first of September he intended to start a subscription of southern men and head it with $2,000 for the purpose of erecting the monument. There was a momentary silence, when a leading ex-confederate rose and said "I agree to add $5,000 to your subscription. Then in quick succession others rose and pledged various sums until within a few minutes $50,000 had been thus raised.

AT AN END.

The Illinois Coal Miners Defeated in Their Strike.

PEORIA, Ill., June 4.—After a struggle of six weeks the striking coal miners practically acknowledged their defeat yesterday. Several of the strikers applied for work at the mines. More men are willing to work than can now secure employment. Lack of financial support has hastened the end of the strike. It is conceded by the miners that the strike failure here leaves them no hope of gaining at other places, as this was the center of the competitive field.

THEIR LEVEL BEST

Is Being Done by the Louisiana Lottery to Secure a Charter in Dakota.

BISMARCK, N. D., June 4.—The efforts to secure a charter for the Louisiana lottery in North Dakota are being renewed with great energy. The state is swarming with agents of the lottery, and it is said that $5,000,000 will be expended with a view to securing the election of a governor and legislature favorable to the scheme.

STRANGE SUICIDE.

While Preparing a Coffin for a Child an Undertaker Commits Suicide.

ROANOKE, Va., June 4.—J. Charlton Simpson, a prominent contractor, builder and undertaker of Fincaskle, committed suicide yesterday while preparing a coffin for the burial of a little child. He broke from his ware room and run half a mile to a secluded spot and plunged a knife in his breast. He lived only a minute after a pursuing party found him.

Frightful Death.

LEADVILLE, Col., June 4.—Engineer Foik, while repairing a pump in the Gallagher shaft of the Mikado company's mines last night, fell to the bottom, a distance of 209 feet, and was crushed into a shapeless mass.

Thomas Flanagan was killed and James O'Connell badly injured by the premature explosion of a blast at the Antioch mine last night.

Murder and Arson.

SAN LUIS OBISPO, Cal., June 4.—The cabin of David Wesley Schriver, near Creston, was found on Saturday night burned to ashes and his body, near by, was consumed in it. Evidences showed the man had been murdered and the house set on on fire, but by whom is not known.

Instantly Killed.

PHILADELPHIA, June 4.—A man supposed from papers found on his person to be Charles McSwiggin, a Pittsburg glass blower, was struck and instantly killed last night by a locomotive on the outskirts of the city.

The Thistle Won.

LONDON, June 4.—In yesterday's yacht race from Dover to Boulogne, Thistle won; Iverna, second; Valkyrie, third; Wendue, fourth; Yarana, fifth.

LIGHTNING'S BOLT!

Strikes in a Group of Men and Two of Them Fall to the Ground in Death.

CAIRO, Mich., June 4.—While I. N. Tagget, Edward Goodchild, William Holmes and Matt Ringer were working on a farm four miles west of here last evening, a thunder storm came up suddenly and the first bolt of lightning struck in the midst of the group of men prostrating them all. Goodchild and Holmes were dead when assistance arrived, although no marks or trace of the current could be found upon their persons. Ringer and Tagget are recovering.

THE DERBY STAKES

Of 5,000 Sovereigns Won by Sainfoin, at Epsomdown.

LONDON, June 4.—The race for the derby stakes—5,000 sovereigns to the winner, 500 sovereigns to the nominator of the winner and 200 sovereigns to the third horse—was run at Epsomdown this morning. Mr. J. Porter's Sainfoin, by Springfield, dam Sanda, second choice in the betting, won. Mr. LeFevre's Leonard, by Tristan, dam LaNoce, was second, and Duke of Westminster's Orwell, by Ben d'Or, third. The weather was showery, dull and unsettled. The betting was changed from that of last night, when the odds were Sairfoin 9 to 2, LeNord 12 to 1, Orvill 100 to 1. Sorefoot was on odds —on favorite at 2 to 1. The crowd present at Epsomdowns to-day to witness the race for the derby stakes was not as large as usual partly because of the belief that Surefoot could not be beaten and reduced to race to a small fund. Surefoot was the greatest favorate that ever started for the Derby since he won the 2,000 gunios. Hundreds of thousands pounds have been invested on him at odds and his defeat caused quite a sensation. Sanfain has steadily held second place in the betting during the winter and many shrewd people have maintained that he would beat Seerefoot over the Derby a mile and a half.

Orwell was the first away and led to the distance post. At this point Sainfoin went to the front and coming away won by three-quarters of a length from Leonardel, a neck before Orwell. The favorite, Surefoot, was fourth. The betting just before the start: Surefoot 9 to 4 on Sainfoin, 7 to 1 against; Pathbeal, 14 to 1; Golden Gate, 50 to 1; Kirkham, 50 to 1; Martagon, 100 to 1; Orwell, 100 to 1. Place betting, Sainfoin, 2 to 1 on; Leonard, 5 to 4 against.

SUDDEN SUMMONS.

Death of the Son of Dr. Irwin at Denver, Col.

This afternoon a telegram reached this city announcing the death of Mr. Duncan Irwin, son of Dr. J. S. Irwin, of this city, which occurred at Denver, Col., this morning.

The summons came unexpectedly. The young man has been employed there by his uncle. He was for several years a pupil in the Central grammar school and had a legion of friends, to whom these tidings will come with great sorrow.

The cause of his death is not known. Dr. J. S. Irwin, superintendent of public schools, father of the deceased, is at Indianapolis to-day and the news was telegraphed there at once.

Duncan was a youth of unusual promise. His parents have the sympathy of the community in their overwhelming bereavement. The remains will be brought home to-morrow.

The following letter from Mr. E. E. Cooper, editor and proprietor of The Freeman, a National colored weekly newspaper, explains itself:

INDIANAPOLIS, Ind., June 3.

To the Editor of THE SENTINEL.

A week or so ago a young colored man by the name of L. A. Simpson was in your city soliciting subscriptions for The Freeman. We write this letter to state that he was working without our authority, and that whatever money he got was under false pretense. You will please put a notice to this effect in your paper, asking the subscribers who have paid him to write us at once, and state just how much they paid him. Your attention to this matter will greatly oblige, Yours Very Truly,

E. E. COOPER, Proprietor.

JUSTICE.

Homer Brown, of Williamsport, has been placed under arrest on an affidavit sworn out in Justice France's court, charging bastardy, the prosecuting witness being Mattie Reckhard. The case will come up Friday morning at 10 o'clock.

Joseph Oswalt was arraigned before Justice France to-day for taking a wheel off a buggy belonging to Gus Yergens, it being alleged that Oswalt was careless.

Henry Lichtsin was fined $1 and costs, a total of $19, by Justice Hays last evening for cruelty to animals. Lichtsin abused a team of horses by whipping them. Attorney Henderson, for the defense, entered an appeal and the case will probably come up in the circuit court. Deputy Prosecutor Emerick appeared for the state.

The case of George K. Torrence against Daniel Kramer, in which a judgment for $100 was rendered in favor of the plaintiff, has been appealed from the circuit court of Justice Hays.

Justice Wilkinson had the house-hold goods of H. M. Jones attached to satisfy an account for rent held by Catharine Mill. The goods were packed in a freight car ready to move. The case was settled.

PROBATE.

The last will and testament of Sophia Foellinger, of Fort Wayne, was probated yesterday. She directed that her body be decently buried in St. John's Lutheran cemetery by the side of her deceased husband. To her children, Christian H. Foellinger, Sophia M. Smick, wife of Manford M. Smick; Elizabeth C. Foellinger, Mary M. Foellinger and Mina D. Foellinger, she left eighty acres of land in Allen county; to her daughters, Sophia M. Smick, Elizabeth C., Mary M. and Mina D. Foellinger, all her personal property of every description, including money on hand, on deposit or due from others. In the event of the death of one of her children without issue the deceased desired the share so left to be divided equally between those living, and should any one of them die with offspring, then such issue to take the share the parent would have taken if living. Manford M. Smick was appointed executor of the will.

SWALLOWED A LIZARD

And Ejects it From His Stomach After it Had Made its Home there Two Years.

LAPORTE, Ind., June 4.—John Lingard, of Mill Creek, this county, was taken with a violent fit of vomiting last Saturday, and during a severe struggle, a small lizard was ejected from his stomach. The animal was dead and was partially encysted. It is supposed Lingard swallowed it about two years ago while drinking some water. The long retention of the animal had poisoned Mr. Linyard's entire system and his death ensued yesterday.

CAUGHT NAPPING.

A Horse Thief Captured and Brought to This City.

THE SENTINEL has already given some of the particulars of the stealing of a black mare last Sunday evening from the home of William Clark, who lives four miles from this city. The thieves took the animal to Huntington and sold it to William Hall, a traveling horse trader.

Yesterday it was ascertained that the animal had been stolen and at once a posse of men started to hunt the thieves. They were joined by farmers with revolvers and guns and after a hard search and pursuit one of the fellows, giving his name as Frank Pohle, of Chicago, was found in the woods about two miles east of Andrews. He was asleep when found, but woke up, started to run and offered resistance by firing stones at the pursuers. He finally was captured and brought to the city and placed in jail. He denies stealing the horse, but says he was with the fellow that did it. He says, though, that he sold it. When captured he had $20 of the money and this he returned to Mr. Hall.

The capture was made under the direction of Sheriff Viberg, and Sheriff Bratton, of Huntington, effected the capture by strategy.

Turnkey Lindsey, of this city, went to Huntington last night and returned with the prisoner this morning. Pohle, as he calls himself, says that the horse was stolen by Jack Wright, one of his companions, but his story is not credited.

TO-NIGHT.

BERRY STREET M. E. CHURCH—Address by Mrs. Ex-Governor Wallace.
PRAYER MEETING—At the different city churches.
LODGES—Loyal K. of P.; Patriarchal Circe; Royal Arch Masons (monthly meeting).

THE candidates for office are getting in their work at a lively rate just now.

THE county commissioners have granted sixty-nine liquor licenses during the present session.

THE barbers of Huntington, Fort Wayne, Montpelier, Hartford City, Bluffton and Muncie will hold a reunion and picnic at Montpelier next Sunday.

ATTORNEY GENERAL MILLER, who was in the city yesterday, says his visit had no political import. He came to look after his property interests here and left last evening for Washington.

THE Odd Fellows' decoration day occurs Tuesday, June 10. It will be generally observed by all the lodges in the city. Many members of the order from abroad will be present. The program, exercises of the day and line of march will shortly be made public.

THE street fakirs hold the crowds on the court house square almost every night and delude the people into buying their wares. They get prices for inferior articles that our merchants sell good articles for, and yet "the suckers" continue to bite as long as the "bait" is thrown out to them.

MRS. ELIZABETH WHITE, a well-known lady of Rich Valley, Wabash county, has been declared insane. She labors under the hallucination that she is perpetually engaged in a hand-to-hand encounter with the devil, and though not violent, her friends deem it best to have her confined in the asylum.

FRANCIS MURPHY, the renowned temperance orator, will shortly wed, the lady of his choice being Mrs. Rebecca Fisher, a beautiful and wealthy widow of Council Bluffs, Iowa. The alliance was formed while Mr. Murphy was holding a series of meetings in that city last winter. Mrs. Fisher is an accomplished woman and a leader in church circles. Mr. Murphy is a widower and is fifty-five years old.

DEKALB county has furnished, we believe, the first case giving practical effect to the statute that prescribes forfeiture of office as one of the penalties of bribery. Joseph Wilson, democrat, who was defeated for trustee of Stafford township, by Charles Arford, republican, brought suit for possession of the office on the ground of alleged bribery of voters by Arford. The allegation was proved and Wilson gets the office.

WM. LECKLIDER, a prisoner in the Michigan City penitentiary, who was sent up from Delaware county, September 16, 1886, for perjury and larceny, hanged himself in his cell Monday night, two towels being used as the instruments of death. He was thirty-five years old. His time would have expired the 16th of this month. His wife a few days ago secured a divorce, and the suicide is attributed to her actions.

THE stockholders of the Fort Wayne Homestead, Loan and Trust company held a meeting last night at the office of Mr. S. C. Lumbard and elected the following officers: President, John M. Coombs; vice-president, F. A. Newton; secretary, S. C. Lumbard; assistant secretary, W. J. Beck; treasurer, C. E. Bond; board of directors, F. A. Newton, S. C. Lumbard, W. J. Beck, J. M. Coombs, C. E. Bond. The organization is in a flourishing condition.

MISS ALICE R. PALMER, the state organizer of the Women's Christian Temperance union, delivered an interesting and brilliant address last evening at the sessions of the societies which are now holding a joint convention in this city. She told of the work that is being done by the temperance union in the way of saving the drunkard from his cups and depicted in glowing colors the dangers that beset the path of the young. Mothers should take an active part in the temperance work and aid by their work in checking the curses that follow the use of intoxicating drinks. Miss Palmer is an able lady orator and is doing a grand work for temperance in the state.

THE SCHOOL APPORTIONMENT.

The state superintendent of public instruction has completed the school apportionment for the next school year. Because of reduction of interest on the school fund from 8 per cent. to 6 per cent., the amount of each child enumerated is $1.31, whereas last year it was $1.35. It is estimated that this decrease in the per capita will shorten the common schools next year about ten days. The total income of the state for school purposes next year will be, from the school tax, $814,643.01; interest on common school fund, $196,400.82; unclaimed fees, etc., $19,071.46; total, $1,030,085.29. The congressional township fund is in addition to this amount. Of the money $10,000 will go to the state normal school, $1,016,052.87 to the counties and $10,432.92 will remain in the treasury.

Of the counties in the state forty-eight draw from the school revenue more than they pay into it, and forty-two pay in more than they draw out. The method by which all the children of the state are given equal facilities for obtaining an education is here clearly shown. The poorer communities receive help from the more prosperous. Crawford county pays into the fund this year $2,586.19 and draws from it $7,034.70; Harrison county pays in $5,377.39, and draws out $10,406.64; Martin pays in $3,022.09, and receives back $7,224.65; Orange pays in $4,995.55, and receives $7,008.50; Clarke pays in $10,515, and receives $17,202.92; Brown pays in $3,663.30 and receives $4,995.03. On the other hand Fayette county pays in $8,273.52, and draws out only $4,970.14; Union pays in $5,407.20, and receives but $2,813.88; Wayne pays in $25,345, and receives $16,960.57. For the first time in years, the amount which Marion county pays in will amount to a little more than it receives. Both Vigo and Vanderburgh counties receive more than they give.

The enumeration of school children in the state shows a slight decrease from the number reported in 1889. In that year there were 770,875, while this year there are 770,723. Several counties show a falling off, while the counties in the natural gas belt show substantial gains.

KNIGHTS OF PYTHIAS.

The Order Reviews a Year's Work—Question of Admitting Saloon Keepers.

The order of the Knights of Pythias has had a remarkable growth in Indiana. There is now scarcely a town in the state that does not support one or more subordinate lodges. In all there are 247 lodges in Indiana, with a total membership of 17,897, a gain of twenty-eight lodges and 3,246 members during the year. The order has outgrown its home in Indianapolis. The grand lodge, which convened at Indianapolis yesterday, was compelled to meet in the grand lodge room of the order of Odd Fellows, and even that spacious hall was not large enough to satisfactorily accommodate the 500 delegates attending the session. It has become imperative that a new home be erected in Indianapolis, headquarters for the grand lodge and the uniform rank, and some definite steps will likely be taken by this meeting to erect a splendid castle hall, with a lodge room, capable of seating not less than 1,000 people. The local lodges have already prepared a plan for the erection of such a building, which only needs the sanction of the grand lodge to become operative.

Judge J. C. Suit, of Frankfort, grand chancellor of the grand jurisdiction of Indiana, addressed the representatives of the subordinate lodges. He called attention to the fact that there are more young men, in proportion to membership, belonging to the order than to any other like organization in the world. Judge Suit defended the action in issuing a circular a year ago calling for aid for the striking Clay county miners. He said every word of the circular was true, and if the circumstances called for action to-day he would do precisely as he did then. "There were," said he, "some very unkind things said and done by members of the order in that part of the state, who were, I am willing to concede, equally honest in their belief with myself. The most ungenerous and unkind things were said that I did what I did to promote personal and political ambition."

Lotteries and "gift enterprises" were condemned by the grand chancellor.

The annual reports by James B. Pugh, grand instructor; C. F. S. Neal, grand master of exchequer, and of Frank Bowers, grand keeper of records and seals, were also read.

The order's financial condition is satisfactory. The receipts for the year were $162,610.65. Much of this money was spent in the relief of the sick and distressed.

One of the most important questions to come up for consideration is the one affecting the elligibility of saloon-keepers to membership. The lodge last year decided that no man engaged in the retail sale of liquor should be admitted, but the supreme councillor held that the action was illegal. The grand lodge proposes to adhere to its former actions.

EASILY WON.

Fort Wayne Walks off With Elkhart—New Players Signed—Notes.

Yesterday's game between Elkhart and Fort Wayne resulted in favor of the home club by a score of 13 to 3. The home battery was McCarthy and Ferris. It was a postponed game. The pitching of McCarthy was good, only four safe hits being got off him. The catching of Ferris was faultless. The visiting team had Crandall and Martin for their battery and they too played fairly well, although the pitcher was hit hard.

Ferris made four singles out of five times at bat. Ellery got two singles and a three base hit. Gallagher a two-base hit, Scott a single and two base hit.

The support of the Elkharts on bases is bad. Ellery played short-stop in place of Bruton who is serving a two weeks suspension, and he filled the place well, not one error being marked up against him. Allen made two errors on third. Downing did some more good batting. Bowerman, who is signed as catcher, played left field. He proved a good man in his first game here, making good safe hits and running in two scores. He will be used to relieve Ferris behind the bat.

The game summarized is as follows:

By innings....	1	2	3	4	5	6	7	8	9	
Fort Wayne.....	4	0	2	2	1	0	1	3	0	—13
Elkhart.....	0	0	3	0	0	0	0	0	0	— 3

Earned runs—Fort Wayne, 6

Two base hits — Scott, Gallagher Martin.

Three base hits—Bowerman, Ellery.

Home run—Downing.

Stolen bases—Fort Wayne, 3; Elkhart, 2.

Double plays—Ellery to Quirk to Scott.

Bases on balls—Fort Wayne, 4; Elkhart, 4.

Struck out—By McCarthy, 1; by Crandall, 4.

Passed balls—Martin, 3.

Time of game—One hour and fifty minutes.

Umpire—Phillips.

THE BIG GAMES.

Brotherhood—At New York, New York 5, Boston 14; at Philadelphia, Philadelphia, 5, Brooklyn, 6;; at Buffalo, Buffalo 3, Pittsburg 7; at Chicago, Chicago 4, Cleveland 0.

National League—At New York, New York 7, Brooklyn 20; at Philadelphia, Philadelphia 6, Boston 4; at Pittsburg, Pittsburg 7, Chicago 8; at Cleveland, Cleveland 2, Cincinnati 5.

American Association—At Brooklyn, Brooklyn 6, Rochester 1; at Syracuse, Syracuse 7, Athletics 8; at Columbus, Columbus 6, Toledo 3; at Louisville, Louisville 5, St. Louis 2.

NOTES.

Allen's off day yesterday.

Fort Wayne and Peru to-day.

Elkhart still retains its bad kickers.

Anderson forfeited a game at Kokomo yesterday.

The attendance was the lightest of the season.

Ferris has caught twenty-five consecutive games.

Downing made the first home run of the Fort Wayne team yesterday and for the feat was presented with a $10 gold piece by Belger & Lennon.

In thirteen games the home players made 116 runs, 155 hits, and fifty-two stolen bases. The visitors made seventy-seven runs, 109 hits, and fifty-eight stolen bases. Quirk made thirteen of the home club's stolen bases.

Of the favorable things that the Fort Wayne club gets credit for is their gentlemanly conduct. It is said at home and abroad. They neither kick nor dispute over an umpire's decision, even if it is wrong. The coaching of the home club is not bad, either.

The following is the batting order in to-day's game: Quirk, second base; Allen, third base; Scott, first base; Downing, right field; Ferris, catcher; Gallagher, center field; Ellery, short stop; Bowerman, left field; Wheeler, pitcher; bench, McCarthy.

What to Do with a Mad Dog.

By thrift he had become a millionaire, and he had a splendid St. Bernard dog which he was very proud of. One day the servant came to him horror stricken.

"Master, master! Cæsar is"——

"Is what?"

"Mad! He won't touch water and he foams from the mouth constantly."

"Great heavens! It is lucky you discovered it in time. You must not lose a minute. Take the animal at once, before he has bitten any one"——

"Yes, sir."

Drummers' Experiences.

First Drummer—On the Atlantic and Pacific railroad a few days ago a locomotive lost its smokestack in a collision. Well, sir, they just stuck a barrel over the hole and went right along as if nothing had happened.

Second Drummer—That reminds me of an accident that happened to a train I was on recently. The engine jumped the track and was smashed all to flinders; but in five minutes we were moving along toward the next station, where we arrived only a little late."

"Humph! How could that be?"

"We got out and walked."—New York Weekly.

SCALY SKIN DISEASES.

Psoriasis 5 years, covering face, head and entire body with white scabs. Skin red, itchy and bleeding. Hair all gone. Spent hundreds of dollars. Pronounced incurable. Cured by Cuticura Remedies.

Cured by Cuticura.

My disease (psoriasis) first broke out on my left cheek, spreading across my nose, and almost covering my face. It ran into my eyes, and the physician was afraid I would lose my eye sight altogether. It spread all over my head, and my hair all fell out, until I was entirely bald-headed; it then broke out on my arms and shoulders, until my arms were just one sore. It covered my entire body, my face, head and shoulders being the worst. The white scabs fell constantly from my head, shoulders and arms; the skin would thicken and be red and very itchy, and would crack and bleed if scratched. After spending many hundreds of dollars, I was pronounced incurable. I heard of the Cuticura Remedies, and after using two bottles Cuticura Resolvent, I could see a change; and after I had taken four bottles, I was almost cured: and when I had used six bottles of Cuticura Resolvent and one box of Cuticura, and one cake of Cuticura Soap, I was cured of the dreadful disease; from which I had suffered for five years. I thought the disease would leave a very deep scar, but the Cuticura Remedies cured it without any scars. I cannot express with a pen what I suffered before using the Cuticura Remedies. They saved my life, and I feel it my duty to recommend them. My hair is restored as good as ever, and so is my eyesight. I know of others who have received great benefit from their use. MRS. SCROFULA

Is that impurity of the blood which produces unsightly lumps or swellings in the neck; which causes running sores on the arms, legs, or feet; which develops ulcers in the eyes, ears, or nose, often causing blindness or deafness; which is the origin of pimples, cancerous growths, or "humors;" which, fastening upon the lungs, causes consumption and death. It is the most ancient of all diseases, and very few persons are entirely free from it.

How Can It Be CURED

By taking Hood's Sarsaparilla, which, by the remarkable cures it has accomplished, has proven itself to be a potent and peculiar medicine for this disease. If you suffer from scrofula, try Hood's Sarsaparilla.

"Every spring my wife and children have been troubled with scrofula, my little boy, three years old, being a terrible sufferer. Last spring he was one mass of sores from head to feet. We all took Hood's Sarsaparilla, and all have been cured of the scrofula. My little boy is entirely free from sores, and all four of my children look bright and healthy." W. B. TO-NIGHT.

BERRY STREET M. E. CHURCH—Address by Mrs. Ex-Governor Wallace.
PRAYER MEETING—At the different city churches.
LODGES—Loyal K. of P.; Patriarchal Circe; Royal Arch Masons (monthly meeting).

THE candidates for office are getting in their work at a lively rate just now.

THE county commissioners have granted sixty-nine liquor licenses during the present session.

THE barbers of Huntington, Fort Wayne, Montpelier, Hartford City, Bluffton and Muncie will hold a reunion and picnic at Montpelier next Sunday.

ATTORNEY GENERAL MILLER, who was in the city yesterday, says his visit had no political import. He came to look after his property interests here and left last evening for Washington.

THE Odd Fellows' decoration day occurs Tuesday, June 10. It will be generally observed by all the lodges in the city. Many members of the order from abroad will be present. The program, exercises of the day and line of march will shortly be made public.

THE street fakirs hold the crowds on the court house square almost every night and delude the people into buying their wares. They get prices for inferior articles that our merchants sell good articles for, and yet "the suckers" continue to bite as long as the "bait" is thrown out to them.

MRS. ELIZABETH WHITE, a well-known lady of Rich Valley, Wabash county, has been declared insane. She labors under the hallucination that she is perpetually engaged in a hand-to-hand encounter with the devil, and though not violent, her friends deem it best to have her confined in the asylum.

FRANCIS MURPHY, the renowned temperance orator, will shortly wed, the lady of his choice being Mrs. Rebecca Fisher, a beautiful and wealthy widow of Council Bluffs, Iowa. The alliance was formed while Mr. Murphy was holding a series of meetings in that city last winter. Mrs. Fisher is an accomplished woman and a leader in church circles. Mr. Murphy is a widower and is fifty-five years old.

DEKALB county has furnished, we believe, the first case giving practical effect to the statute that prescribes forfeiture of office as one of the penalties of bribery. Joseph Wilson, democrat, who was defeated for trustee of Stafford township, by Charles Arford, republican, brought suit for possession of the office on the ground of alleged bribery of voters by Arford. The allegation was proved and Wilson gets the office.

WM. LECKLIDER, a prisoner in the Michigan City penitentiary, who was sent up from Delaware county, September 16, 1886, for perjury and larceny, hanged himself in his cell Monday night, two towels being used as the instruments of death. He was thirty-five years old. His time would have expired the 16th of this month. His wife a few days ago secured a divorce, and the suicide is attributed to her actions.

THE stockholders of the Fort Wayne Homestead, Loan and Trust company held a meeting last night at the office of Mr. S. C. Lumbard and elected the following officers: President, John M. Coombs; vice-president, F. A. Newton; secretary, S. C. Lumbard; assistant secretary, W. J. Beck; treasurer, C. E. Bond; board of directors, F. A. Newton, S. C. Lumbard, W. J. Beck, J. M. Coombs, C. E. Bond. The organization is in a flourishing condition.

MISS ALICE R. PALMER, the state organizer of the Women's Christian Temperance union, delivered an interesting and brilliant address last evening at the sessions of the societies which are now holding a joint convention in this city. She told of the work that is being done by the temperance union in the way of saving the drunkard from his cups and depicted in glowing colors the dangers that beset the path of the young. Mothers should take an active part in the temperance work and aid by their work in checking the curses that follow the use of intoxicating drinks. Miss Palmer is an able lady orator and is doing a grand work for temperance in the state.

THE SCHOOL APPORTIONMENT.

The state superintendent of public instruction has completed the school apportionment for the next school year. Because of reduction of interest on the school fund from 8 per cent. to 6 per cent., the amount of each child enumerated is $1.31, whereas last year it was $1.35. It is estimated that this decrease in the per capita will shorten the common schools next year about ten days. The total income of the state for school purposes next year will be, from the school tax, $814,643.01; interest on common school fund, $196,400.82; unclaimed fees, etc., $19,071.46; total, $1,030,085.29. The congressional township fund is in addition to this amount. Of the money $10,000 will go to the state normal school, $1,016,052.87 to the counties and $10,432.92 will remain in the treasury.

Of the counties in the state forty-eight draw from the school revenue more than they pay into it, and forty-two pay in more than they draw out. The method by which all the children of the state are given equal facilities for obtaining an education is here clearly shown. The poorer communities receive help from the more prosperous. Crawford county pays into the fund this year $2,586.19 and draws from it $7,034.70; Harrison county pays in $5,377.39, and draws out $10,406.64; Martin pays in $3,022.09, and receives back $7,224.65; Orange pays in $4,995.55, and receives $7,008.50; Clarke pays in $10,515, and receives $17,202.92; Brown pays in $3,663.30 and receives $4,995.03. On the other hand Fayette county pays in $8,273.52, and draws out only $4,970.14; Union pays in $5,407.20, and receives but $2,813.88; Wayne pays in $25,345, and receives $16,960.57. For the first time in years, the amount which Marion county pays in will amount to a little more than it receives. Both Vigo and Vanderburgh counties receive more than they give.

The enumeration of school children in the state shows a slight decrease from the number reported in 1889. In that year there were 770,875, while this year there are 770,723. Several counties show a falling off, while the counties in the natural gas belt show substantial gains.

KNIGHTS OF PYTHIAS.

The Order Reviews a Year's Work—Question of Admitting Saloon Keepers.

The order of the Knights of Pythias has had a remarkable growth in Indiana. There is now scarcely a town in the state that does not support one or more subordinate lodges. In all there are 247 lodges in Indiana, with a total membership of 17,897, a gain of twenty-eight lodges and 3,246 members during the year. The order has outgrown its home in Indianapolis. The grand lodge, which convened at Indianapolis yesterday, was compelled to meet in the grand lodge room of the order of Odd Fellows, and even that spacious hall was not large enough to satisfactorily accommodate the 500 delegates attending the session. It has become imperative that a new home be erected in Indianapolis, headquarters for the grand lodge and the uniform rank, and some definite steps will likely be taken by this meeting to erect a splendid castle hall, with a lodge room, capable of seating not less than 1,000 people. The local lodges have already prepared a plan for the erection of such a building, which only needs the sanction of the grand lodge to become operative.

Judge J. C. Suit, of Frankfort, grand chancellor of the grand jurisdiction of Indiana, addressed the representatives of the subordinate lodges. He called attention to the fact that there are more young men, in proportion to membership, belonging to the order than to any other like organization in the world. Judge Suit defended the action in issuing a circular a year ago calling for aid for the striking Clay county miners. He said every word of the circular was true, and if the circumstances called for action to-day he would do precisely as he did then. "There were," said he, "some very unkind things said and done by members of the order in that part of the state, who were, I am willing to concede, equally honest in their belief with myself. The most ungenerous and unkind things were said that I did what I did to promote personal and political ambition."

Lotteries and "gift enterprises" were condemned by the grand chancellor.

The annual reports by James B. Pugh, grand instructor; C. F. S. Neal, grand master of exchequer, and of Frank Bowers, grand keeper of records and seals, were also read.

The order's financial condition is satisfactory. The receipts for the year were $162,610.65. Much of this money was spent in the relief of the sick and distressed.

One of the most important questions to come up for consideration is the one affecting the elligibility of saloon-keepers to membership. The lodge last year decided that no man engaged in the retail sale of liquor should be admitted, but the supreme councillor held that the action was illegal. The grand lodge proposes to adhere to its former actions.

EASILY WON.

Fort Wayne Walks off With Elkhart—New Players Signed—Notes.

Yesterday's game between Elkhart and Fort Wayne resulted in favor of the home club by a score of 13 to 3. The home battery was McCarthy and Ferris. It was a postponed game. The pitching of McCarthy was good, only four safe hits being got off him. The catching of Ferris was faultless. The visiting team had Crandall and Martin for their battery and they too played fairly well, although the pitcher was hit hard.

Ferris made four singles out of five times at bat. Ellery got two singles and a three base hit. Gallagher a two-base hit, Scott a single and two base hit.

The support of the Elkharts on bases is bad. Ellery played short-stop in place of Bruton who is serving a two weeks suspension, and he filled the place well, not one error being marked up against him. Allen made two errors on third. Downing did some more good batting. Bowerman, who is signed as catcher, played left field. He proved a good man in his first game here, making good safe hits and running in two scores. He will be used to relieve Ferris behind the bat.

The game summarized is as follows:

By innings....	1	2	3	4	5	6	7	8	9
Fort Wayne.....	4	0	2	2	1	0	1	3	0—13
Elkhart.....	0	0	3	0	0	0	0	0	0— 3

Earned runs—Fort Wayne, 6

Two base hits — Scott, Gallagher Martin.

Three base hits—Bowerman, Ellery.

Home run—Downing.

Stolen bases—Fort Wayne, 3; Elkhart, 2.

Double plays—Ellery to Quirk to Scott.

Bases on balls—Fort Wayne, 4; Elkhart, 4.

Struck out—By McCarthy, 1; by Crandall, 4.

Passed balls—Martin, 3.

Time of game—One hour and fifty minutes.

Umpire—Phillips.

THE BIG GAMES.

Brotherhood—At New York, New York 5, Boston 14; at Philadelphia, Philadelphia, 5, Brooklyn, 6; at Buffalo, Buffalo 3, Pittsburg 7; at Chicago, Chicago 4, Cleveland 0.

National League—At New York, New York 7, Brooklyn 20; at Philadelphia, Philadelphia 6, Boston 4; at Pittsburg, Pittsburg 7, Chicago 8; at Cleveland, Cleveland 2, Cincinnati 5.

American Association—At Brooklyn, Brooklyn 6, Rochester 1; at Syracuse, Syracuse 7, Athletics 8; at Columbus, Columbus 6, Toledo 3; at Louisville, Louisville 5, St. Louis 2.

NOTES.

Allen's off day yesterday.

Fort Wayne and Peru to-day.

Elkhart still retains its bad kickers.

Anderson forfeited a game at Kokomo yesterday.

The attendance was the lightest of the season.

Ferris has caught twenty-five consecutive games.

Downing made the first home run of the Fort Wayne team yesterday and for the feat was presented with a $10 gold piece by Belger & Lennon.

In thirteen games the home players made 116 runs, 155 hits, and fifty-two stolen bases. The visitors made seventy-seven runs, 109 hits, and fifty-eight stolen bases. Quirk made thirteen of the home club's stolen bases.

Of the favorable things that the Fort Wayne club gets credit for is their gentlemanly conduct. It is said at home and abroad. They neither kick nor dispute over an umpire's decision, even if it is wrong. The coaching of the home club is not bad, either.

The following is the batting order in to-day's game: Quirk, second base; Allen, third base; Scott, first base; Downing, right field; Ferris, catcher; Gallagher, center field; Ellery, short stop; Bowerman, left field; Wheeler, pitcher; bench, McCarthy.

What to Do with a Mad Dog.

By thrift he had become a millionaire, and he had a splendid St. Bernard dog which he was very proud of. One day the servant came to him horror stricken.

Drummers' Experiences.

First Drummer—On the Atlantic and Pacific railroad a few days ago a locomotive lost its smokestack in a collision. Well, sir, they just stuck a barrel over the hole and went right along as if nothing had happened.

Second Drummer—That reminds me of an accident that happened to a train I was on recently. The engine jumped the track and was smashed all to flinders; but in five minutes we were moving along toward the next station, where we arrived only a little late."

SCALY SKIN DISEASES.

Psoriasis 5 years, covering face, head and entire body with white scabs. Skin red, itchy and bleeding. Hair all gone. Spent hundreds of dollars. Pronounced incurable. Cured by Cuticura Remedies.

Cured by Cuticura.

My disease (psoriasis) first broke out on my left cheek, spreading across my nose, and almost covering my face. It ran into my eyes, and the physician was afraid I would lose my eye sight altogether. It spread all over my head, and my hair all fell out, until I was entirely bald-headed; it then broke out on my arms and shoulders, until my arms were just one sore. It covered my entire body, my face, hands and shoulders being the worst. The white scabs fell constantly from my head, shoulders and arms; the skin would thicken and be red and very itchy, and would crack and bleed if scratched. After spending many hundreds of dollars, I was pronounced incurable. I heard of the Cuticura Remedies, and after using two bottles Cuticura Resolvent, I could see a change; and after I had taken four bottles, I was almost cured; and when I had used six bottles of Cuticura Resolvent and one box of Cuticura, and one cake of Cuticura Soap, I was cured of the dreadful disease from which I had suffered for five years. I thought the disease would leave a very deep scar, but the Cuticura Remedies cured it without any scars. I cannot express with a pen what I suffered before using the Cuticura Remedies. They saved my life, and I feel it my duty to recommend them. My hair is restored as good as ever, and so is my eyesight. I know of others who have received great benefit from their use. MRS. SCROFULA

Is that impurity of the blood which produces unsightly lumps or swellings in the neck; which causes running sores on the arms, legs, or feet; which develops ulcers in the eyes, ears, or nose, often causing blindness or deafness; which is the origin of pimples, cancerous growths, or "humors;" which, fastening upon the lungs, causes consumption and death. It is the most ancient of all diseases, and very few persons are entirely free from it.

How Can It Be CURED

By taking Hood's Sarsaparilla, which, by the remarkable cures it has accomplished, has proven itself to be a potent and peculiar medicine for this disease. If you suffer from scrofula, try Hood's Sarsaparilla.

"Every spring my wife and children have been troubled with scrofula, my little boy, three years old, being a terrible sufferer. Last spring he was one mass of sores from head to feet. We all took Hood's Sarsaparilla, and all have been cured of the scrofula. My little boy is entirely free from sores, and all four of my children look bright and healthy." W. B. The Ball corset has soft eyelets. Soft eyelets are loops of corset lace stitched into the corset; softer, smoother, pleasanter, neater, more womanlike than metal.

The Ball is the easiest ever worn by woman. The ease is due to covered coils of fine-wire spring in the sides. These springs hug the figure gently, and yield with every little strain.

The Ball is "boned" with Kabo that never breaks or kinks or rolls up or shifts from its place.

You can wear a Ball corset two or three weeks; and, if you don't like it, return it to where you got it and get your money back. The manufacturer pays the merchant to do that.

One man can build an eight-wheel passenger locomotive for a standard-guage railroad in 1,500 days; it will require 1,650 days' work for him to build a consolidated ten-wheel locomotive for a standard guage. The wages of skilled labor run from $2 to $4 a day; this would give an average of $3 a day, or $4,635 for the engine. The cost of the necessary metal to build a locomotive is usually estimated at about $2,000. The profit may be put down at another $2,000, which would include the expenses of sale and delivery. This would make an engine, when absolutely ready for service and complete in every way worth about $8,635.

For an alterative and tonic it has never been equalled."

THE MUTUAL LIFE INSURANCE COMPANY,

OF NEW YORK, SECURES IT.

Nearly $600,000 Paid by Members of one Family for Insurance in the Mutual.—The Most Stupendous Transaction Known in the History of Insurance.—"It has Never Been Done Before; It Never Will Be Done Again."

—E. C. POTTER & CO.—

No. 799. New York, Dec. 24, 1889.

BANK OF NEW YORK.
National Bankers Association.

Pay to the order of L. C. HOPKINS, Genl Executive Agent

Five hundred and Seventy Eight Thousand, Three Hundred and Forty Five ——— LARS.

$578,345 00/100 — 29 DEC 28 1889. — CERTIFIED. Payable through New York Clearing House, N. B. A. — E. C. POTTER & CO.

The above check was received by the Mutual Life Ins. Co. of New York, for Insurance effected upon the lives of five members of the illustrious Havemeyer family of the City of New York. The Policies selected were the 10 year guarantee contracts of the Mutual Life's with the annuity feature added. Each policy was for the sum of $100,000 and the insured chose to make but one payment, thus commuting the cost. The insurance covered by the above mentioned premium payment of $578,345.00 was upon the lives of Mr. Theo. A. Havemeyer, the well known Merchant of this City, and Four members of his family. Mr. Theo. Havemeyer, is the Austrian Counsel General and a Gentleman of wide influence and of great business sagacity. Mr. E. C. Potter, whose signature is appended to the check, is the son in-law of Mr. Havemeyer, and is one of the most prominent of bankers and brokers operating upon the stock exchange. There are two significant points for consideration in connection with this Insurance.

First, that the Messrs Havemeyer seeking a profitable and safe investment of a vast fund, selected Life Insurance as offering more advantages and greater security than any other form of investment. Second That they had such faith in the management and stability of the Mutual Life Insurance company of New York, that they willingly entrusted to its care nearly $600,000 in cash without any security whatever, and only the PROMISE of the company to pay.

The particulars of the life insurance contracted for by the family of Mr. Theo. A. Havemeyer, with the MUTUAL LIFE INSURANCE COMPANY, by which that institution received a single premium payment of $578,345.00, will excite wonderment and surprise in the world of underwriting, and set the general public to thinking of the possibilities of life insurance as an investment.

The idea of a party with six hundred thousand dollars of spare cash on hand, putting it all into life insurance.

Why didn't they build houses or purchase stocks, or do a dozen other things with it? Life insurance for an investment! That's all very well, some people think, if you must do it. But here are five members of one family engaged in merchantile pursuits, fully alive to the value of every financial scheme of importance in this or any other country, who after examining every tempting investment, came to the conclusion that the safest, most profitable and altogether desirable one, is that offered by the MUTUAL LIFE.

Then think of the fact that all this money, far exceeding half a million dollars, is placed in the hands of the company without other security than its promise to pay. If that is'nt an evidence of confidence, what could be?

IT'S THE LARGEST, STRONGEST AND BEST LIFE INSURANCE COMPANY IN THE WORLD. Its assets are thirty millions greater than those of any other American Life Insurance company. Over eighty millions greater than those of any life office in Great Britain, and sixty millions greater than the entire funds of the bank of England, which is the largest banking institution in the world.

The Mutual Life Issues Every Desirable Form of Policy.

THE ENDOWMENT POLICY

—OF THE—

NEW-YORK LIFE INS. CO.

With Annual Dividends.

An Endowment Policy is, as its name indicates, something more than a contract of insurance. But it furnishes insurance, and this fact should never be lost sight of in considering its merits. It provides a cash payment of the full amount of the policy, if premiums are paid until the end of a certain period; but because it does this a man should not straighway assume that he will surely live until that time, and so discount the insurance feature entirely. The need of insurance is a present need, and will be a constant and continuous need until the endowment period ends, unless the need is sooner demonstrated by the death of the insured.

There is no class of men, whatever their occupations, antecedents, constitution, faith, determination, prospects or precautions, who are exempt from the present, constant and perpetual risk of death. So much is inevitable, whatever the profits of business, the health of the family, or the increase and needs thereof. Write this over your desk in the counting-room and upon the walls of your bed-chamber; let it be with you as you sit down and as you rise up; let it enter into all your plans, as the one thing that must needs be—to-wit, that one man in three living at age 30 will die between 30 and 61, one in three living at age 35 will die between 35 and 62, one in three living at age 40 will die between 40 and 64, one in three living at age 45 will die between 45 and 65, one in three living at age 50 will die between 50 and 66.

Having remembered this risk, and being determined to make provision for it, you may then remember and make provision for the other and co-existent alternative, namely: that, two men in three living at age 30 will live to be 61, two in three living at age 35 will live to be 62, two in three living at age 40 will live to be 64, two in three living at age 45 will live to be 65, and two in three living at age 50 will live to be 66. The needs of the living at age 61 to 66 may not be quite as imperative as the needs of families which are bereaved during the years which precede, but when we consider that the living are twice as many in number as the dead, provision for them will surely not appear unimportant. It may not be true that ninety per cent. of business men fail to acquire a competence for old age, as is sometimes asserted, but every one will admit that most men above sixty will remember a good many dollars spent with less benefit to themselves than endowment insurance would have brought.

This is a point to be constantly borne in mind, viz.: that, persons who live beyond sixty years of age very likely have earned enough for their families' support until that time, and for their own support during the balance of life, if only it has been saved and devoted to these purposes. This is what an Endowment Policy does—it gathers up life's earnings as life is lived, and makes them sufficient for whichever of the two contingencies of life is realized, viz.: death during the endowment period, or life after that period has passed.

The New York Life Insurance Company issues Endowment Policies payable in ten, fifteen, twenty-five, thirty or thirty-five years, or at death if prior. Premiums are made payable annually during the endowment period, or the policy may be paid up by five or ten annual premiums. The annual dividends declared on these policies, in the form of paid-up insurance, increase the amount of insurance and endowment to be paid at the maturity of the policy, or they may be converted into cash to reduce the premiums payable.

The New York Life Insurance Company's policies of every kind, as now issued, contain nonforfeiture provisions; its Endowment Policies provide for paid-up policies by the rule of proportional parts, after three annual premiums have been paid:—thus, after five annual premiums have been paid on a Twenty-Year Endowment, it is exchangeable for a paid-up policy for one-fourth of the amount originally insured.

The New York Life Insurance issues all kinds of policies that will suit the rich and the poor, that will give you the full benefits of the investment together with the full amount your policy calls in anything from $1,000 to $100,000 issues on a single life, male or female. Protect your family, protect your property.

Kinds of Policies issued by the New York Life Insurance Company:

1—Ordinary Life Policies.
2—Limited Payment Life Policies.
3—Endowment Policies.
4—Annuity Policies.
5—Tontine Policies.
6—Joint Life Policies—a splendid contrast for partners in business or mutual indorsers, or for man and wife.
7—Five Year Dividend Policies.
8—Twenty Year Distribution Policies.
9—Fifteen and Twenty year 4 per cent. Bonds with the life insurance feature, giving protection on your life for the face of the bond should death occur before the bond is paid for.

The special advantages of each policy will be explained by Phil. L. Gessler, general agent, who is now at the Aveline Hotel, where he respectfully invites any and all persons to call that are contemplating taking Life Insurance. Call or send in your address. Mr. Geissler will be pleased to meet any appointment, give rates and a complete estimate of any age on any of the New York Life Policies.

The time for the holding of the democratic county convention is rapidly approaching and the democracy should see to it that the best men are supported as candidates for the various county offices. Do not give complimentary votes to any man, but cast your ballots and your influence for the candidate who will best fill the office. Delegates should remember the new election law which is now in force and imposes a heavy fine and imprisonment for receiving even one cent for their vote or influence. We hope that no one in this county will be guilty of violating the law.

Township Trustee Brackenridge has received the quarterly bill of expense for the care of the sick poor at the St. Joseph hospital. The expense of keeping forty-one patients for the three months, including shrouds for the dead, amounts to $1,147.80. The expense of sustaining patients at the City hospital is about the same. THE BENNETT LAW!

A Big Convention Held at Milwaukee, Wis., Opposing It--Platform Adopted.

MILWAUKEE, Wis., June 4.—The anti-Bennett convention composed of Catholics, Lutherans, and all those opposed to the Bennett law, met in this city to-day. There was a large attendance and great interest manifested in the proceedings.

There were nearly 700 delegates present when Mr. Christian Koerner, chairman of the anti-Bennett state central committee, called the convention to order at 2 p. m.

The delegates came from all parts of the state and most of them were from the Lutheran churches, but there was quite a number of delegates from other denominations and societies opposed to the law.

Committees will be appointed in each district to ascertain the views of all candidates on the law, and only those who advocate the absolute repeal of the Bennett law will be supported.

After a number of speeches the committee on resolutions reported the following platform which was unanimously adopted.

THE PLATFORM.

The platform is as follows:

We, citizens of Wisconsin in convention assembled, in order to protest against the so-called Bennett law, in the first place consider it necessary to defend ourselves against false representations calculated to prejudice our cause, and do therefore declare:

1. We are not enemies of the English language, on the contrary, we endeavor to furnish our children the very best instruction therein.

2. We consider public schools necessary, but maintain that parents have the right to establish and to select for themselves such schools for their children.

3. We claim no part of the public school fund for the use of parochial or other private schools.

4. We are not opposed to a law prohibiting the employment of children in factories, nor to an enactment providing for reasonable compulsory attendance at school, nor do we object to an interference by the state with schools conducted contrary to the public order and morality. But we protest against the so-called Bennett law, because it unnecessarily and unjustly curtails our civil and religious liberty, for it: 1. Offers the school board an opportunity of determining arbitrarily that a child, during the period of enforced attendance, must attend a school in the city, town or district in which it resides, thus depriving parents of the right to send their children to a better or more suitable school outside the district. 2. It compels parochial and other private schools to observe the time or times of attendance, fixed by the school boards, without regard to the rites and customs of churches or their schools. 3. It prescribes certain studies, as also the medium of instruction therein; furthermore its wording is such as to afford a school board ample opportunity to usurp powers not given them, although the state and its officers have no right to interfere with the management of parochial and other private schools.

We therefore declare that regardless of former party affiliations we shall vote for such candidates only as pledge themselves to work for the repeal of the Bennett law. As patriotic citizens, maintaining human rights both civil and religious, advocating sound principles of education and with no enmity toward the English language, opposed, however, to all measures tending to oppress the immigrated citizens, to suppress their native tongue, we call upon all those who cherish liberty, regardless of party and nationality, to join us in the effort to have this unnecessary, unjust and discord-breeding measure repealed.

KENTUCKY BILL

Creates a Sensation by Swearing Out Warrants for Arrests in Virginia.

CHARLESTON, W. Va., June 4.—J. W. Napier, of Pike county, Kentucky, known along the Big Sandy as Kentucky Bill, has created a big sensation in Logan county among the citizens by going before Justice Atkins at Brownstown and swearing out warrants for Anes, Cape, Jones and Elliott Hatfield, Thomas Mitchell, Frank Ellis, and Clayton Bishop, charging them with having murdered Dave Stratton at Brownstown on the night of May 17 1st. Stratton was one of the McCoy leaders. It seems the object in swearing out the warrants is to secure state aid in the arrest of the Hatfields after which it would be easy to turn them over to the Kentucky authorities, who would be only too glad to put the accused under lock and key.

Oregon's Legislature.

PORTLAND, Ore., June 4.—The legislature will stand: Senate, republicans, 22; democrats, 8. House, republicans, 28; democrats, 22.

The republican state central committee estimates the majority of Pennoyer (Dem.) for governor at 3,000. The entire republican state ticket is elected with the exception of the governor.

Unmercifully Beaten.

LITCHFIELD, Miss., June 4.—Because he chided two young men for misconduct in church at Mosherville, Rev. O. C. Nash, of this place, was unmercifully beaten. Moses Eckler and Robt. Engle were arrested for the assault. Yesterday Mr. Nash died from his injuries and the charges against the accused will be changed to manslaughter.

BELLIGERENT PRIEST.

Knocks Down Two Women and a Man and Defies Arrest.

HANOVERMON, O., June 4.—Dungannon, a small village three miles east of here, is greatly excited over the action of Father Hennesy, pastor of the Catholic church at that place. A few days since a woman claiming to be a sister of the priest came from Cleveland to get a child which the priest had in his custody. When she visited the priest he assaulted her, blacking her eye. She took refuge with a family named McGraw. On last Friday the priest was passing the home of the McGraws under the influence of liquor. Miss Ella McGraw sat outside the front door. The priest ordered her inside. She at first refused to go, but he pursued her with a club, striking her over the head and shoulders several times and knocking her insensible. The girl's father interfered and was promptly knocked down. The priest then retreated to his own home, and with a Winchester rifle defied the town. Two residents of Dungannon came here and swore out a warrant for the priest and he was arrested late at night. On being taken before the mayor he was released on $100 bond. This incensed the people. They threaten to cause his re-arrest and secure an increase of the bond. Miss McGraw's condition is said to be critical.

BRITISH FISHERIES.

No Trouble Between the Nations Will Grow Out of the Affair.

NEW YORK, May 4.—The Herald's Sydney, C. B., special gives an interview with Commander Marquis, of the French man-of-war Indre, in regard to the alleged outrage committed by his vessel upon the British fishermen in St. George's bay. The commander says he cannot understand the commotion that has been raised by the circumstances, as there was nothing unusual in what occurred. The treaty rights of the French to fish on that shore has been recognized for 200 years. When the British fishermen take up all the room, a request is made to the British commander in that section to have the trouble remedied so that the French can have a chance. This request is always complied with.

But this year there appeared to be no British war vessels on the coast, and Commander Marquis had to himself request of some of the British fishermen to make room for the French. There were probably 500 nets spread, and he only requested the removal of about a dozen. The request was promptly complied with as usual, and the reports of trouble are unfounded. No trouble between the nations can grow out of such a quarrel.

AN AMUSING CUSS

Walks Out of Jail While the Sheriff Sleeps, Leaving a Letter.

AUGUSTA, Ga., June 4. — Latmill county's only prisoner, confined in jail at Cordsville, unlocked the door Monday night and walked out. His name is John Frazer, a northern man, who was arrested charged with stealing the money of a man with whom he was traveling. Frazer left a letter, addressed to the sheriff, which has created much amusement. In it he states that he is in a hurry to get out of the county and will not, therefore, arouse the sheriff from his sweet slumbers at midnight to bid him good bye. If he remained in jail all summer his muscles would prevent him from doing a good day's work. He thanks the sheriff for being kind to him, and assures him that he will return in October, when court meets, and stand trial, when he hopes to be acquitted.

FEARFUL DEATH.

A Man Jumps From a Fourth Story and is Instantly Killed.

ST. LOUIS, June 4.—Thomas Vines, alias Castello, alias Kain, a telegraph operator, with a family in Boston, jumped from a fourth-story window yesterday and was instantly killed on the granite pavement. Mexican Telephone Company.

CITY OF MEXICO, June 4.—The contracts of the Mexican Telephone company with the federal and municipal governments, expires in a few days and this fact has aroused European companies of England and Germany again to enter the field in opposition to the renewal of the concessions to the American companies, and the Bostonians will have to make a good fight to retain their privileges, without which their business is of no account whatever.

A VILLAGE DOOMED!

Loveland, Iowa, Nearly Swept Out of Existence by a Cloud Burst and High Waters.

COUNCIL BLUFFS, June 4.—The little village of Loveland, 18 miles north of this city, seems doomed. Last Saturday night a cloud burst just above the city, which lies in Dory valley, and sweeping down on the little city carried away a number of houses and buildings. The storm which prevailed over this section Monday night completed the demolition of the village. The Boyer, which was swollen by the previous storm, overflowed its banks from Monday night's rains and carried everything before it. Nothing is left of the hamlet save the houses which stood on high ground. No loss of life is reported thus far.

ANOTHER TOWN DESTROYED.

LINCOLN, Neb., June 4.—Meagre reports from Bradshaw, a hamlet of 400 or 500 inhabitants, about fifty miles west of Lincoln, state that the town was swept away about 10 o'clock last night by a cyclone. Six persons are reported killed and twenty-five or more injured. Telegraph wires are down and no particulars can be learned.

CONFEDERATE GENEROSITY.

In a Few Moments a Score of Them Subscribe $50,000 to the Grant Monument.

WASHINGTON, June 4.—On the night before the unveiling of the Lee statute a score of ex-confederate officers were sitting in the West Moreland club, at Richmond. One of them, now a resident of New York City, spoke of the resolution offered by Representative Fowler, asking congress to give $250,000 toward building the monument that New York City promised to erect to General Grant. The speaker did not approve of the resolution, but said that if New York has not raised the money for the monument before the first of September he intended to start a subscription of southern men and head it with $2,000 for the purpose of erecting the monument. There was a momentary silence, when a leading ex-confederate rose and said "I agree to add $5,000 to your subscription. Then in quick succession others rose and pledged various sums until within a few minutes $50,000 had been thus raised.

AT AN END.

The Illinois Coal Miners Defeated in Their Strike.

PEORIA, Ill., June 4.—After a struggle of six weeks the striking coal miners practically acknowledged their defeat yesterday. Several of the strikers applied for work at the mines. More men are willing to work than can now secure employment. Lack of financial support has hastened the end of the strike. It is conceded by the miners that the strike failure here leaves them no hope of gaining at other places, as this was the center of the competitive field.

THEIR LEVEL BEST

Is Being Done by the Louisiana Lottery to Secure a Charter in Dakota.

The state is swarming with agents of the lottery, and it is said that $5,000,000 will be expended with a view to securing the election of a governor and legislature favorable to the scheme.

STRANGE SUICIDE.

While Preparing a Coffin for a Child an Undertaker Commits Suicide.

ROANOKE, Va., June 4.—J. Charlton Simpson, a prominent contractor, builder and undertaker of Fincastle, committed suicide yesterday while preparing a coffin for the burial of a little child. He broke from his ware room and run half a mile to a secluded spot and plunged a knife in his breast. He lived only a minute after a pursuing party found him.

Murder and Arson.

SAN LUIS OBISPO, Cal., June 4.—The cabin of David Wesley Schriver, near Creston, was found on Saturday night burned to ashes and his body, near by, was consumed in it. Evidences showed the man had been murdered and the house set on on fire, but by whom is not known.

Instantly Killed.

PHILADELPHIA, June 4.—A man supposed from papers found on his person to be Charles McSwiggin, a Pittsburg glass blower, was struck and instantly killed last night by a locomotive on the outskirts of the city.

LIGHTNING'S BOLT!

Strikes in a Group of Men and Two of Them Fall to the Ground in Death.

CAIRO, Mich., June 4.—While I. N. Tagget, Edward Goodchild, William Holmes and Matt Ringer were working on a farm four miles west of here last evening, a thunder storm came up suddenly and the first bolt of lightning struck in the midst of the group of men prostrating them all. Goodchild and Holmes were dead when assistance arrived, although no marks or trace of the current could be found upon their persons. Ringer and Tagget are recovering.

THE DERBY STAKES

Of 5,000 Sovereigns Won by Sainfoin, at Epsomdown.

LONDON, June 4.—The race for the derby stakes—5,000 sovereigns to the winner, 500 sovereigns to the nominator of the winner and 200 sovereigns to the third horse—was run at Epsomdown this morning. Mr. J. Porter's Sainfoin, by Springfield, dam Sanda, second choice in the betting, won. Mr. LeFevre's Leonard, by Tristan, dam LaNoce, was second, and Duke of Westminster's Orwell, by Ben d'Or, third. The weather was showery, dull and unsettled. The betting was changed from that of last night, when the odds were Sairfoin 9 to 2, LeNord 12 to 1, Orvill 100 to 1. Sorefoot was on odds—on favorite at 2 to 1. The crowd present at Epsomdowns to-day to witness the race for the derby stakes was not as large as usual partly because of the belief that Surefoot could not be beaten and reduced to race to a small fund. Surefoot was the greatest favorate that ever started for the Derby since he won the 2,000 gunios. Hundreds of thousands pounds have been invested on him at odds and his defeat caused quite a sensation. Sanfain has steadily held second place in the betting during the winter and many shrewd people have maintained that he would beat Scorefoot over the Derby a mile and a half.

Orwell was the first away and led to the distance post. At this point Sainfoin went to the front and coming away won by three-quarters of a length from Leonardel, a neck before Orwell. The favorite, Surefoot, was fourth. The betting just before the start: Surefoot 9 to 4 on Sainfoin, 7 to 1 against; Pathbeal, 14 to 1; Golden Gate, 50 to 1; Kirkham, 50 to 1; Martagon, 100 to 1; Orwell, 100 to 1. Place betting, Sainfoin, 2 to 1 on; Leonard, 5 to 4 against.

SUDDEN SUMMONS.

Death of the Son of Dr. Irwin at Denver, Col.

This afternoon a telegram reached this city announcing the death of Mr. Duncan Irwin, son of Dr. J. S. Irwin, of this city, which occurred at Denver, Col., this morning.

The summons came unexpectedly. The young man has been employed there by his uncle. He was for several years a pupil in the Central grammar school and had a legion of friends, to whom these tidings will come with great sorrow.

The cause of his death is not known. Dr. J. S. Irwin, superintendent of public schools, father of the deceased, is at Indianapolis to-day and the news was telegraphed there at once.

Duncan was a youth of unusual promise. His parents have the sympathy of the community in their overwhelming bereavement. The remains will be brought home to-morrow.

INDIANAPOLIS, Ind., June 3.

TO the EDITOR of THE SENTINEL.

Justice Wilkinson had the house-hold goods of H. M. Jones attached to satisfy an account for rent held by Catharine Mill. The goods were packed in a freight car ready to move. The case was settled.

The last will and testament of Sophia Foellinger, of Fort Wayne, was probated yesterday. She directed that her body be decently buried in St. John's Lutheran cemetery by the side of her deceased husband. To her children, Christian H. Foellinger, Sophia M. Smick, wife of Manford M. Smick; Elizabeth C. Foellinger, Mary M. Foellinger and Mina D. Foellinger, she left eighty acres of land in Allen county; to her daughters, Sophia M. Smick, Elizabeth C., Mary M. and Mina D. Foellinger, all her personal property of every description, including money on hand, on deposit or due from others. In the event of the death of one of her children without issue the deceased desired the share so left to be divided equally between those living, and should any one of them die with offspring, then such issue to take the share the parent would have taken if living. Manford M. Smick was appointed executor of the will.

SWALLOWED A LIZARD

And Ejects it From His Stomach After It Had Made its Home there Two Years.

LAPORTE, Ind., June 4.—John Lingard, of Mill Creek, this county, was taken with a violent fit of vomiting last Saturday, and during a severe struggle, a small lizard was ejected from his stomach. The animal was dead and was partially encysted. It is supposed Lingard swallowed it about two years ago while drinking some water. The long retention of the animal had poisoned Mr. Linyard's entire system and his death ensued yesterday.

CAUGHT NAPPING.

A Horse Thief Captured and Brought to This City.

THE SENTINEL has already given some of the particulars of the stealing of a black mare last Sunday evening from the home of William Clark, who lives four miles from this city. The thieves took the animal to Huntington and sold it to William Hall, a traveling horse trader.

Yesterday it was ascertained that the animal had been stolen and at once a posse of men started to hunt the thieves. They were joined by farmers with revolvers and guns and after a hard search and pursuit one of the fellows, giving his name as Frank Pohle, of Chicago, was found in the woods about two miles east of Andrews. He was asleep when found, but woke up, started to run and offered resistance by firing stones at the pursuers. He finally was captured and brought to the city and placed in jail. He denies stealing the horse, but says he was with the fellow that did it. He says, though, that he sold it. When captured he had $20 of the money and this he returned to Mr. Hall.

The capture was made under the direction of Sheriff Viberg, and Sheriff Bratton, of Huntington, effected the capture by strategy.

Turnkey Lindsey, of this city, went to Huntington last night and returned with the prisoner this morning. Pohle, as he calls himself, says that the horse was stolen by Jack Wright, one of his companions, but his story is not credited.

A State Alliance Being Organized in This City To-day.

A meeting of farmers was called for 1 p. m. to-day in the circuit court room, but owing to the failure of N. B. Ashy, the national lecturer, to arrive in this city, the meeting was postponed until 2:30 o'clock.

Quite a number of delegates from various alliances are present and the interesting meeting is being opened as THE SENTINEL goes to press.

A meeting of the general managers, in connection with the Interstate Railway association, will be held in Chicago June 11, when it is expected that the organization will be well put upon its feet again.

The lodge of Elks, No. 155, hold a social service to-night at 9:30 at the Morton club hall.

LODGES—Loyal K. of P.; Patriarchal Circe; Royal Arch Masons (monthly meeting).

THE candidates for office are getting in their work at a lively rate just now.

THE county commissioners have granted sixty-nine liquor licenses during the present session.

THE barbers of Huntington, Fort Wayne, Montpelier, Hartford City, Bluffton and Muncie will hold a reunion and picnic at Montpelier next Sunday.

ATTORNEY GENERAL MILLER, who was in the city yesterday, says his visit had no political import. He came to look after his property interests here and left last evening for Washington.

THE Odd Fellows' decoration day occurs Tuesday, June 10. It will be generally observed by all the lodges in the city. Many members of the order from abroad will be present. The program, exercises of the day and line of march will shortly be made public.

THE street fakirs hold the crowds on the court house square almost every night and delude the people into buying their wares. They get prices for inferior articles that our merchants sell good articles for, and yet "the suckers" continue to bite as long as the "bait" is thrown out to them.

MRS. ELIZABETH WHITE, a well-known lady of Rich Valley, Wabash county, has been declared insane. She labors under the hallucination that she is perpetually engaged in a hand-to-hand encounter with the devil, and though not violent, her friends deem it best to have her confined in the asylum.

FRANCIS MURPHY, the renowned temperance orator, will shortly wed, the lady of his choice being Mrs. Rebecca Fisher, a beautiful and wealthy widow of Council Bluffs, Iowa. The alliance was formed while Mr. Murphy was holding a series of meetings in that city last winter. Mrs. Fisher is an accomplished woman and a leader in church circles. Mr. Murphy is a widower and is fifty-five years old.

DEKALB county has furnished, we believe, the first case giving practical effect to the statute that prescribes forfeiture of office as one of the penalties of bribery. Joseph Wilson, democrat, who was defeated for trustee of Stafford township, by Charles Arford, republican, brought suit for possession of the office on the ground of alleged bribery of voters by Arford. The allegation was proved and Wilson gets the office.

WM. LECKLIDER, a prisoner in the Michigan City penitentiary, who was sent up from Delaware county, September 16, 1886, for perjury and larceny, hanged himself in his cell Monday night, two towels being used as the instruments of death. He was thirty five years old. His time would have expired the 16th of this month. His wife a few days ago secured a divorce, and the suicide is attributed to her actions.

THE stockholders of the Fort Wayne Homestead, Loan and Trust company held a meeting last night at the office of Mr. S. C. Lumbard and elected the following officers: President, John M. Coombs; vice-president, F. A. Newton; secretary, S. C. Lumbard; assistant secretary, W. J. Beck; treasurer, C. E. Bond; board of directors, F. A. Newton, S. C. Lumbard, W. J. Beck, J. M. Coombs, C. E. Bond. The organization is in a flourishing condition.

MISS ALICE R. PALMER, the state organizer of the Women's Christian Temperance union, delivered an interesting and brilliant address last evening at the sessions of the societies which are now holding a joint convention in this city. She told of the work that is being done by the temperance union in the way of saving the drunkard from his cups and depicted in glowing colors the dangers that beset the path of the young. Mothers should take an active part in the temperance work and aid by their work in checking the curses that follow the use of intoxicating drinks. Miss Palmer is an able lady orator and is doing a grand work for temperance in the state.

THE SCHOOL APPORTIONMENT.

The state superintendent of public instruction has completed the school apportionment for the next school year. Because of reduction of interest on the school fund from 8 per cent. to 6 per cent., the amount of each child enumerated is $1.31, whereas last year it was $1.35. It is estimated that this decrease in the per capita will shorten the common schools next year about ten days. The total income of the state for school purposes next year will be, from the school tax, $814,643.01; interest on common school fund, $196,160 82; unclaimed fees, etc., $19,071.45; total, $1,030,085.29. The congressional township fund is in addition to this amount. Of the money $10,000 will go to the state normal school, $1,016,052 87 to the counties and $10,432.92 will remain in the treasury.

Of the counties in the state forty-eight draw from the school revenue more than they pay into it, and forty-two pay in more than they draw out. The method by which all the children of the state are given equal facilities for obtaining an education is here clearly shown. The poorer communities receive help from the more prosperous. Crawford county pays into the fund this year $2,586.19 and draws from it $7,034.70; Harrison county pays in $5,377.39, and draws out $10,406.64; Martin pays in $3,022.09, and receives back $7,224.65; Orange pays in $4,995.55, and receives $7,008.50; Clarke pays in $10,515. and receives $17,202.92; Brown pays in $3,663.30 and receives $4,995.63. On the other hand Fayette county pays in $8,273.52, and draws out only $4,979.14; Union pays in $5,407.20, and receives but $2,813.88; Wayne pays in $25,345, and receives $16,960.57. For the first time in years, the amount which Marion county pays in will amount to a little more than it receives. Both Vigo and Vanderburgh counties receive more than they give.

The enumeration of school children in the state shows a slight decrease from the number reported in 1889. In that year there were 770,875, while this year there are 770,723. Several counties show a falling off, while the counties in the natural gas belt show substantial gains.

KNIGHTS OF PYTHIAS.

The Order Reviews a Year's Work—Question of Admitting Saloon Keepers.

The order of the Knights of Pythias has had a remarkable growth in Indiana. There is now scarcely a town in the state that does not support one or more subordinate lodges. In all there are 247 lodges in Indiana, with a total membership of 17,897, a gain of twenty-eight lodges and 3,246 members during the year. The order has outgrown its home in Indianapolis. The grand lodge, which convened at Indianapolis yesterday, was compelled to meet in the grand lodge room of the order of Odd Fellows, and even that spacious hall was not large enough to satisfactorily accommodate the 500 delegates attending the session. It has become imperative that a new home be erected in Indianapolis, headquarters for the grand lodge and the uniform rank, and some definite steps will likely be taken by this meeting to erect a splendid castle hall, with a lodge room, capable of seating not less than 1,000 people. The local lodges have already prepared a plan for the erection of such a building, which only needs the sanction of the grand lodge to become operative.

Judge J. C. Suit, of Frankfort, grand chancellor of the grand jurisdiction of Indiana, addressed the representatives of the subordinate lodges. He called attention to the fact that there are more young men, in proportion to membership, belonging to the order than to any other like organization in the world. Judge Suit defended the action in issuing a circular a year ago calling for aid for the striking Clay county miners. He said every word of the circular was true, and if the circumstances called for action to-day he would do precisely as he did then. "There were," said he, "some very unkind things said and done by members of the order in that part of the state, who were, I am willing to concede, equally honest in their belief with myself. The most ungenerous and unkind things were said that I did what I did to promote personal and political ambition."

Lotteries and "gift enterprises" were condemned by the grand chancellor.

The annual reports by James B. Pugh, grand instructor; C. F. S. Neal, grand master of exchequer, and of Frank Bowers, grand keeper of records and seals, were also read.

The order's financial condition is satisfactory. The receipts for the year were $162,610.65. Much of this money was spent in the relief of the sick and distressed.

One of the most important questions to come up for consideration is the one affecting the elligibility of saloon-keepers to membership. The lodge last year decided that no man engaged in the retail sale of liquor should be admitted, but the supreme councillor held that the action was illegal. The grand lodge proposes to adhere to its former actions.

EASILY WON.

Fort Wayne Walks off With Elkhart —New Players Signed —Notes.

Yesterday's game between Elkhart and Fort Wayne resulted in favor of the home club by a score of 13 to 3. The home battery was McCarthy and Ferris. It was a postponed game. The pitching of McCarthy was good, only four safe hits being got off him. The catching of Ferris was faultless. The visiting team had Crandall and Martin for their battery and they too played fairly well, although the pitcher was hit hard.

Ferris made four singles out of five times at bat. Ellery got two singles and a three base hit. Gallagher a two base hit, Scott a single and two base hit.

The support of the Elkharts on bases is bad. Ellery played short-stop in place of Braton who is serving a two weeks suspension, and he filled the place well, not one error being marked up against him. Allen made two errors on third. Downing cut some more good batting. Bowerman, who is signed as catcher, played left field. He proved a good man in his first game here, making good safe hits and running in two scores. He will be used to relieve Ferris behind the bat.

The game summarized is as follows:

By innings....1 2 3 4 5 6 7 8 9
Fort Wayne.....4 0 2 2 1 0 1 3 0—13
Elkhart.....0 0 3 0 0 0 0 0 0— 3

Earned runs—Fort Wayne, 6

Two base hits—Scott, Gallagher Martin.

Three base hits—Bowerman, Ellery.

Home run—Downing.

Stolen bases—Fort Wayne, 3; Elkhart, 2.

Double plays—Ellery to Quirk to Scott.

Bases on balls—Fort Wayne, 4; Elkhart, 4.

Struck out—By McCarthy, 1; by Crandall, 4.

Passed balls—Martin, 3.

Time of game—One hour and fifty minutes.

Umpire—Phillips.

THE BIG GAMES.

Brotherhood—At New York, New York 5, Boston 14; at Philadelphia, Philadelphia, 5, Brooklyn, 6;; at Buffalo, Buffalo 3, Pittsburg 7; at Chicago, Chicago 4, Cleveland 0.

National League—At New York, New York 7, Brooklyn 20; at Philadelphia, Philadelphia 6, Boston 4; at Pittsburg, Pittsburg 7, Chicago 8; at Cleveland, Cleveland 2, Cincinnati 5.

American Association—At Brooklyn, Brooklyn 6, Rochester 1; at Syracuse, Syracuse 7, Athletics 8; at Columbus, Columbus 6, Toledo 3; at Louisville, Louisville 5, St. Louis 2.

NOTES.

Allen's off day yesterday.

Fort Wayne and Peru to-day.

Elkhart still retains its bad kickers.

Anderson forfeited a game at Kokomo yesterday.

The attendance was the lightest of the season.

Ferris has caught twenty-five consecutive games.

Downing made the first home run of the Fort Wayne team yesterday and for the feat was presented with a $10 gold piece by Belger & Lennon.

In thirteen games the home players made 116 runs, 155 hits, and fifty-two stolen bases. The visitors made seventy-seven runs, 109 hits, and fifty-eight stolen bases. Quirk made thirteen of the home club's stolen bases.

Of the favorable things that the Fort Wayne club gets credit for is their gentlemanly conduct. It is said at home and abroad. They neither kick nor dispute over an umpire's decision, even if it is wrong. The coaching of the home club is not bad, either.

The following is the batting order in to-day's game: Quirk, second base; Allen, third base; Scott, first base; Downing, right field; Ferris, catcher; Gallagher, center field; Ellery, short stop; Bowerman, left field; Wheeler, pitcher; bench, McCarthy.

SCALY SKIN DISEASES.

Psoriasis 5 years, covering face, head and entire body with white scabs. Skin red, itchy and bleeding. Hair all gone. Spent hundreds of dollars. Pronounced incurable. Cured by Cuticura Remedies.

Cured by Cuticura.

My disease (psoriasis) first broke out on my left cheek, spreading across my nose, and almost covering my face. It ran into my eyes, and the physician was afraid I would lose my eye sight altogether. It spread all over my head, and my hair all fell out, until I was entirely bald-headed; it then broke out on my arms and shoulders, until my arms were just one sore. It covered my entire body, my face, head and shoulders being the worst. The white scabs fell constantly from my head, shoulders and arms; the skin would thicken and be red and very itchy, and would crack and bleed if scratched. After spending many hundreds of dollars, I was pronounced incurable. I heard of the Cuticura Remedies, and after using two bottles Cuticura Resolvent, I could see a change; and after I had taken four bottles, I was almost cured: and when I had used six bottles of Cuticura Resolvent and one box of Cuticura, and one cake of Cuticura Soap, I was cured of the dreadful disease from which I had suffered for five years. I thought the disease would leave a very deep scar, but the Cuticura Remedies cured it without any scars. I cannot express with a pen what I suffered before using the Cuticura Remedies. They saved my life, and I feel it my duty to recommend them. My hair is restored as good as ever, and so is my eyesight. I know of others who have received great benefit from their use. MRS. SCROFULA

Is that impurity of the blood which produces unsightly lumps or swellings in the neck; which causes running sores on the arms, legs, or feet; which develops ulcers in the eyes, ears, or nose, often causing blindness or deafness; which is the origin of pimples, cancerous growths, or "humors;" which, fastening upon the lungs, causes consumption and death. It is the most ancient of all diseases, and very few persons are entirely free from it.

How Can It Be CURED

By taking Hood's Sarsaparilla, which, by the remarkable cures it has accomplished, has proven itself to be a potent and peculiar medicine for this disease. If you suffer from scrofula, try Hood's Sarsaparilla.

"Every spring my wife and children have been troubled with scrofula, my little boy, three years old, being a terrible sufferer. Last spring he was one mass of sores from head to feet. We all took Hood's Sarsaparilla, and all have been cured of the scrofula. My little boy is entirely free from sores, and all four of my children look bright and healthy." W. B. The Ball corset has soft eyelets. Soft eyelets are loops of corset lace stitched into the corset; softer, smoother, pleasanter, neater, more womanlike than metal.

The Ball is the easiest ever worn by woman. The ease is due to covered coils of fine-wire spring in the sides. These springs hug the figure gently, and yield with every little strain.

The Ball is "boned" with Kabo that never breaks or kinks or rolls up or shifts from its place.

You can wear a Ball corset two or three weeks; and, if you don't like it, return it to where you got it and get your money back. The manufacturer pays the merchant to do that.

One man can build an eight-wheel passenger locomotive for a standard-guage railroad in 1,500 days; it will require 1,650 days' work for him to build a consolidated ten-wheel locomotive for a standard guage. The wages of skilled labor run from $2 to $4 a day; this would give an average of $3 a day, or $4,635 for the engine. The cost of the necessary metal to build a locomotive is usually estimated at about $2,000. The profit may be put down at another $2,000, which would include the expenses of sale and delivery. This would make an engine, when absolutely ready for service and complete in every way worth about $8,635.

For an alterative and tonic it has never been equalled."

A MARVELOUS PREMIUM.

THE MUTUAL LIFE INSURANCE COMPANY,

OF NEW YORK, SECURES IT.

Nearly $600,000 Paid by Members of one Family for Insurance in the Mutual.—The Most Stupendous Transaction Known in the History of Insurance.—"It has Never Been Done Before; It Never Will Be Done Again."

—E. C. POTTER & CO.—

No. 799. New York, Dec. 21, 1889.

BANK OF NEW YORK,
National Bankers Association

Pay to the order of L. C. HOPKINS, Genl Executive Agent

Five hundred and Seventy Eight Thousand, Three Hundred and Forty Five ---- DOLLARS.

$578,345 00/100 — 29 DEC 28 1889. — CERTIFIED, Payable through New York Clearing House, N. B. A. — E. C. POTTER & CO.

The above check was received by the Mutual Life Ins. Co. of New York, for Insurance effected upon the lives of five members of the illustrious Havemeyer family of the City of New York. The Policies selected were the 10 year guarantee contracts of the Mutual Life's with the annuity feature added. Each policy was for the sum of $100,000 and the insured chose to make but one payment, thus commuting the cost. The insurance covered by the above mentioned premium payment of $578,345.00 was upon the lives of Mr. Theo. A. Havemeyer, the well known Merchant of this City, and Four members of his family. Mr. Theo. Havemeyer, is the Austrian Counsel General and a Gentleman of wide influence and of great business sagacity. Mr. E. C. Potter, whose signature is appended to the check, is the son in law of Mr. Havemeyer, and is one of the most prominent of bankers and brokers operating upon the stock exchange. There are two significant points for consideration in connection with this Insurance.

First, that the Messrs Havemeyer seeking a profitable and safe investment of a vast fund, selected Life Insurance as offering more advantages and greater security than any other form of investment. Second That they had such faith in the management and stability of the Mutual Life Insurance company of New York, that they willingly entrusted to its care nearly $600,000 in cash without any security whatever, and only the PROMISE of the company to pay.

The particulars of the life insurance contracted for by the family of Mr. Theo. A. Havemeyer, with the MUTUAL LIFE INSURANCE COMPANY, by which that institution received a single premium payment of $578,345.00, will excite wonderment and surprise in the world of underwriting, and set the general public to thinking of the possibilities of life insurance as an investment.

The idea of a party with six hundred thousand dollars of spare cash on hand, putting it all into life insurance.

Why didn't they build houses or purchase stocks, or do a dozen other things with it? Life insurance for an investment! That's all very well, some people think, if you must do it. But here are five members of one family engaged in merchantile pursuits, fully alive to the value of every financial scheme of importance in this or any other country, who after examining every tempting investment, came to the conclusion that the safest, most profitable and altogether desirable one, is that offered by the MUTUAL LIFE.

Then think of the fact that all this money, far exceeding half a million dollars, is placed in the hands of the company without other security than its promise to pay. If that is'nt an evidence of confidence, what could be?

IT'S THE LARGEST, STRONGEST AND BEST LIFE INSURANCE COMPANY IN THE WORLD. Its assets are thirty millions greater than those of any other American Life Insurance company. Over eighty millions greater than those of any life office in Great Britain, and sixty millions greater than the entire funds of the bank of England, which is the largest banking institution in the world.

The Mutual Life Issues Every Desirable Form of Policy.

THE ENDOWMENT POLICY

—OF THE—

NEW-YORK LIFE INS. CO.

With Annual Dividends.

An Endowment Policy is, as its name indicates, something more than a contract of insurance. But it furnishes insurance, and this fact should never be lost sight of in considering its merits. It provides a cash payment of the full amount of the policy, if premiums are paid until the end of a certain period; but because it does this a man should not straighway assume that he will surely live until that time, and so discount the insurance feature entirely. The need of insurance is a present need, and will be a constant and continuous need until the endowment period ends, unless the need is sooner demonstrated by the death of the insured.

There is no class of men, whatever their occupations, antecedents, constitution, faith, determination, prospects or precautions, who are exempt from the present, constant and perpetual risk of death. So much is inevitable, whatever the profits of business, the health of the family, or the increase and needs thereof. Write this over your desk in the counting-room and upon the walls of your bed-chamber; let it be with you as you sit down and as you rise up; let it enter into all your plans, as the one thing that must needs be—to-wit, that one man in three living at age 30 will die between 30 and 61, one in three living at age 35 will die between 35 and 62, one in three living at age 40 will die between 40 and 64, one in three living at age 45 will die between 45 and 65, one in three living at age 50 will die between 50 and 66.

Having remembered this risk, and being determined to make provision for it, you may then remember and make provision for the other and co-existent alternative, namely: that, two men in three living at age 30 will live to be 61, two in three living at age 35 will live to be 62, two in three living at age 40 will live to be 64, two in three living at age 45 will live to be 65, and two in three living at age 50 will live to be 66. The needs of the living at age 61 to 66 may not be quite as imperative as the needs of families which are bereaved during the years which precede, but when we consider that the living are twice as many in number as the dead, provision for them will surely not appear unimportant. It may not be true that ninety per cent. of business men fail to acquire a competence for old age, as is sometimes asserted, but every one will admit that most men above sixty will remember a good many dollars spent with less benefit to themselves than endowment insurance would have brought.

This is a point to be constantly borne in mind, viz.: that, persons who live beyond sixty years of age very likely have earned enough for their families' support until that time, and for their own support during the balance of life, if only it has been saved and devoted to these purposes. This is what an Endowment Policy does—it gathers up life's earnings as life is lived, and makes them sufficient for whichever of the two contingencies of life is realized, viz.: death during the endowment period, or life after that period has passed.

The New York Life Insurance Company issues Endowment Policies payable in ten, fifteen, twenty-five, thirty or thirty-five years, or at death if prior. Premiums are made payable annually during the endowment period, or the policy may be paid up by five or ten annual premiums. The annual dividends declared on these policies, in the form of paid-up insurance, increase the amount of insurance and endowment to be paid at the maturity of the policy, or they may be converted into cash to reduce the premiums payable.

The New York Life Insurance Company's policies of every kind, as now issued, contain nonforfeiture provisions; its Endowment Policies provide for paid-up policies by the rule of proportional parts, after three annual premiums have been paid:—thus, after five annual premiums have been paid on a Twenty-Year Endowment, it is exchangeable for a paid-up policy for one-fourth of the amount originally insured.

The New York Life Insurance issues all kinds of policies that will suit the rich and the poor, that will give you the full benefits of the investment together with the full amount your policy calls in anything from $1,000 to $100,000 issues on a single life, male or female. Protect your family, protect your property.

Kinds of Policies issued by the New York Life Insurance Company:

1—Ordinary Life Policies.
2—Limited Payment Life Policies.
3—Endowment Policies.
4—Annuity Policies.
5—Tontine Policies.
6—Joint Life Policies—a splendid contrast for partners in business or mutual indorsers, or for man and wife.
7—Five Year Dividend Policies.
8—Twenty Year Distribution Policies.
9—Fifteen and Twenty year 4 per cent. Bonds with the life insurance feature, giving protection on your life for the face of the bond should death occur before the bond is paid for.

The special advantages of each policy will be explained by Phil. L. Gessler, general agent, who is now at the Aveline Hotel, where he respectfully invites any and all persons to call that are contemplating taking Life Insurance. Call or send in your address. Mr. Geissler will be pleased to meet any appointment, give rates and a complete estimate of any age on any of the New York Life Policies.

The time for the holding of the democratic county convention is rapidly approaching and the democracy should see to it that the best men are supported as candidates for the various county offices. Do not give complimentary votes to any man, but cast your ballots and your influence for the candidate who will best fill the office. Delegates should remember the new election law which is now in force and imposes a heavy fine and imprisonment for receiving even one cent for their vote or influence. We hope that no one in this county will be guilty of violating the law.

THE BENNETT LAW!

A Big Convention Held at Milwaukee, Wis., Opposing It—Platform Adopted.

MILWAUKEE, Wis., June 4.—The anti-Bennett convention composed of Catholics, Lutherans, and all those opposed to the Bennett law, met in this city to-day. There was a large attendance and great interest manifested in the proceedings.

There were nearly 700 delegates present when Mr. Christian Koerner, chairman of the anti-Bennett state central committee, called the convention to order at 2 p. m.

The delegates came from all parts of the state and most of them were from the Lutheran churches, but there was quite a number of delegates from other denominations and societies opposed to the law.

Committees will be appointed in each district to ascertain the views of all candidates on the law, and only those who advocate the absolute repeal of the Bennett law will be supported.

After a number of speeches the committee on resolutions reported the following platform which was unanimously adopted.

THE PLATFORM.

The platform is as follows:

We, citizens of Wisconsin in convention assembled, in order to protest against the so-called Bennett law, in the first place consider it necessary to defend ourselves against false representations calculated to prejudice our cause, and do therefore declare:

1. We are not enemies of the English language, on the contrary, we endeavor to furnish our children the very best instruction therein.

2. We consider public schools necessary, but maintain that parents have the right to establish and to select for themselves such schools for their children.

3. We claim no part of the public school fund for the use of parochial or other private schools.

4. We are not opposed to a law prohibiting the employment of children in factories, nor to an enactment providing for reasonable compulsory attendance at school, nor do we object to an interference by the state with schools conducted contrary to the public order and morality. But we protest against the so-called Bennett law, because it unnecessarily and unjustly curtails our civil and religious liberty, for it: 1. Offers the school board an opportunity of determining arbitrarily that a child, during the period of enforced attendance, must attend a school in the city, town or district in which it resides, thus depriving parents of the right to send their children to a better or more suitable school outside the district. 2. It compels parochial and other private schools to observe the time or times of attendance, fixed by the school boards, without regard to the rites and customs of churches or their schools. 3. It prescribes certain studies, as also the medium of instruction therein; furthermore its wording is such as to afford a school board ample opportunity to usurp powers not given them, although the state and its officers have no right to interfere with the management of parochial and other private schools.

We therefore declare that regardless of former party affiliations we shall vote for such candidates only as pledge themselves to work for the repeal of the Bennett law. As patriotic citizens, maintaining human rights both civil and religious, advocating sound principles of education and with no enmity toward the English language, opposed, however, to all measures tending to oppress the immigrated citizens, to suppress their native tongue, we call upon all those who cherish liberty, regardless of party and nationality, to join us in the effort to have this unnecessary, unjust and discord-breeding measure repealed.

KENTUCKY BILL.

Creates a Sensation by Swearing Out Warrants for Arrests in Virginia.

CHARLESTON, W. Va., June 4.—J. W. Napier, of Pike county, Kentucky, known along the Big Sandy as Kentucky Bill, has created a big sensation in Logan county among the citizens by going before Justice Atkins at Brownstown and swearing out warrants for Anes, Capo, Jones and Elliott Hatfield, Thomas Mitchell, Frank Ellis, and Clayton Bishop, charging them with having murdered Dave Stratton at Brownstown on the night of May 17 last. Stratton was one of the McCoy leaders. It seems the object in swearing out the warrants is to secure state aid in the arrest of the Hatfields after which it would be easy to turn them over to the Kentucky authorities, who would be only too glad to put the accused under lock and key.

Oregon's Legislature.

PORTLAND, Ore., June 4.—The legislature will stand: Senate, republicans, 22; democrats, 8. House, republicans, 28; democrats, 22.

The republican state central committee estimates the majority of Pennoyer (Dem.) for governor at 3,000. The entire republican state ticket is elected with the exception of the governor.

Unmercifully Beaten.

LIVERPOOL, Miss., June 4.—Because he chided two young men for misconduct in church at Mosherville, Rev. O. C. Nash, of this place, was unmercifully beaten. Moses Eckler and Robt. Engle were arrested for the assault. Yesterday Mr. Nash died from his injuries and the charges against the accused will be changed to manslaughter.

BELLIGERENT PRIEST.

Knocks Down Two Women and a Man and Defies Arrest.

HANOVERMON, O., June 4.—Duggannon, a small village three miles east of here, is greatly excited over the action of Father Hennesy, pastor of the Catholic church at that place. A few days since a woman claiming to be a sister of the priest came from Cloveland to get a child which the priest had in his custody. When she visited the priest he assaulted her, blacking her eye. She took refuge with a family named McGraw. On last Friday the priest was passing the home of the McGraws under the influence of liquor. Miss Ella McGraw sat outside the front door. The priest ordered her inside. She at first refused to go, but he pursued her with a club, striking her over the head and shoulders several times and knocking her insensible. The girl's father interfered and was promptly knocked down. The priest then retreated to his own home, and with a Winchester rifle defied the town. Two residents of Duggannon came here and swore out a warrant for the priest and he was arrested late at night. On being taken before the mayor he was released on $100 bond. This incensed the people. They threaten to cause his re-arrest and secure an increase of the bond. Miss McGraw's condition is said to be critical.

BRITISH FISHERIES.

No Trouble Between the Nations Will Grow Out of the Affair.

NEW YORK, May 4.—The Herald's Sydney, C. B., special gives an interview with Commander Marquis, of the French man-of-war Iudre, in regard to the alleged outrage committed by his vessel upon the British fishermen in St. George's bay. The commander says he cannot understand the commotion that has been raised by the circumstances, as there was nothing unusual in what occurred. The treaty rights of the French to fish on that shore has been recognized for 200 years. When the British fishermen take up all the room, a request is made to the British commander in that section to have the trouble remedied so that the French can have a chance. This request is always complied with.

But this year there appeared to be no British war vessels on the coast, and Commander Marquis had to himself request of some of the British fishermen to make room for the French. There were probably 500 nets spread, and he only requested the removal of about a dozen. The request was promptly complied with as usual, and the reports of trouble are unfounded. No trouble between the nations can grow out of such a quarrel.

AN AMUSING CUSS

Walks Out of Jail While the Sheriff Sleeps, Leaving a Letter.

AUGUSTA, Ga., June 4.—Lumpkin county's only prisoner, confined in jail at Cordsville, unlocked the door Monday night and walked out. His name is John Frazer, a northern man, who was arrested charged with stealing the money of a man with whom he was traveling. Frazer left a letter, addressed to the sheriff, which has created much amusement. In it he states that he is in a hurry to get out of the county and will not, therefore, arouse the sheriff from his sweet slumbers at midnight to bid him good bye. If he remained in jail all summer his muscles would prevent him from doing a good day's work. He thanks the sheriff for being kind to him, and assures him that he will return in October, when court meets, and stand trial, when he hopes to be acquitted.

FEARFUL DEATH.

A Man Jumps From a Fourth Story and Is Instantly Killed.

ST. LOUIS, June 4.—Thomas Vines, alias Castello, alias Kain, a telegraph operator, with a family in Boston, jumped from a fourth-story window yesterday and was instantly killed on the granite pavement. He was arrested last Saturday for tapping a wire and swindling the pool rooms on the races out of $5,000.

Mexican Telephone Company.

CITY OF MEXICO, June 4.—The contracts of the Mexican Telephone company with the federal and municipal governments, expires in a few days and this fact has aroused European companies of England and Germany again to enter the field in opposition to the renewal of the concessions to the American companies, and the Bostonians will have to make a good fight to retain their privileges, without which their business is of no account whatever.

Found Dead.

NEW YORK, June 4.—At an early hour this morning John S. Parkes, the steward of the Cunard steamer Bothnia, lying at pier 48 in the North river, was found dead in his bunk on board the steamer. The coroner's office was notified. The steamship company will take charge of the body.

Abducted His Child.

CLEVELAND, Ohio, June 4.—Eugene Cowles Monday abducted his little daughter, Florence, from her mother and started by train for Buffalo. He is a son of the late Edwin Cowles, of the Leader. His wife lately refused to live longer with him.

A VILLAGE DOOMED!

Loveland, Iowa, Nearly Swept Out of Existence by a Cloud Burst and High Waters.

COUNCIL BLUFFS, June 4.—The little village of Loveland, 18 miles north of this city, seems doomed. Last Saturday night a cloud burst just above the city, which lies in Dory valley, and sweeping down on the little city carried away a number of houses and buildings. The storm which prevailed over this section Monday night completed the demolition of the village. The Boyer, which was swollen by the previous storm, overflowed its banks from Monday night's rains and carried everything before it. Nothing is left of the hamlet save the houses which stood on high ground. No loss of life is reported thus far.

ANOTHER TOWN DESTROYED.

LINCOLN, Neb., June 4.—Meagre reports from Bradshaw, a hamlet of 400 or 500 inhabitants, about fifty miles west of Lincoln, state that the town was swept away about 10 o'clock last night by a cyclone. Six persons are reported killed and twenty-five or more injured. Telegraph wires are down and no particulars can be learned.

CONFEDERATE GENEROSITY.

In a Few Moments a Score of Them Subscribe $50,000 to the Grant Monument.

WASHINGTON, June 4.—On the night before the unveiling of the Lee statute a score of ex-confederate officers were sitting in the West Moreland club, at Richmond. One of them, now a resident of New York City, spoke of the resolution offered by Representative Fowler, asking congress to give $250,000 toward building the monument that New York City promised to erect to General Grant. The speaker did not approve of the resolution, but said that if New York has not raised the money for the monument before the first of September he intended to start a subscription of southern men and head it with $2,000 for the purpose of erecting the monument. There was a momentary silence, when a leading ex-confederate rose and said "I agree to add $5,000 to your subscription. Then in quick succession others rose and pledged various sums until within a few minutes $50,000 had been thus raised.

AT AN END.

The Illinois Coal Miners Defeated in Their Strike.

PEORIA, Ill., June 4.—After a struggle of six weeks the striking coal miners practically acknowledged their defeat yesterday. Several of the strikers applied for work at the mines. More men are willing to work than can now secure employment. Lack of financial support has hastened the end of the strike. It is conceded by the miners that the strike failure here leaves them no hope of gaining at other places, as this was the center of the competitive field.

THEIR LEVEL BEST

Is Being Done by the Louisiana Lottery to Secure a Charter in Dakota.

BISMARCK, N. D., June 4.—The efforts to secure a charter for the Louisiana lottery in North Dakota are being renewed with great energy. The state is swarming with agents of the lottery, and it is said that $5,000,000 will be expended with a view to securing the election of a governor and legislature favorable to the scheme.

STRANGE SUICIDE.

While Preparing a Coffin for a Child an Undertaker Commits Suicide.

ROANOKE, Va., June 4.—J. Charlton Simpson, a prominent contractor, builder and undertaker of Fincastle, committed suicide yesterday while preparing a coffin for the burial of a little child. He broke from his ware room and ran half a mile to a secluded spot and plunged a knife in his breast. He lived only a minute after a pursuing party found him.

Frightful Death.

LEADVILLE, Col., June 4.—Engineer Folk, while repairing a pump in the Gallagher shaft of the Mikado company's mines last night, fell to the bottom, a distance of 209 feet, and was crushed into a shapeless mass.

Thomas Flanagan was killed and James O'Connell badly injured by the premature explosion of a blast at the Antioch mine last night.

Murder and Arson.

SAN LUIS OBISPO, Cal., June 4.—The cabin of David Wesley Schriver, near Creston, was found on Saturday night burned to ashes and his body, near by, was consumed in it. Evidences showed the man had been murdered and the house set on on fire, but by whom is not known.

Instantly Killed.

PHILADELPHIA, June 4.—A man supposed from papers found on his person to be Charles McSoiggin, a Pittsburg glass blower, was struck and instantly killed last night by a locomotive on the outskirts of the city.

The Thistle Won.

LONDON, June 4.—In yesterday's yacht race from Dover to Boulogne, Thistle won; Iverna, second; Valkyrie, third; Wendue, fourth; Yarana, fifth.

LIGHTNING'S BOLT!

Strikes in a Group of Men and Two of Them Fall to the Ground in Death.

GAMO, Mich., June 4.—While I. N. Tagget, Edward Goodchild, William Holmes and Matt Ringer were working on a farm four miles west of here last evening, a thunder storm came up suddenly and the first bolt of lightning struck in the midst of the group of men prostrating them all. Goodchild and Holmes were dead when assistance arrived, although no marks or trace of the current could be found upon their persons. Ringer and Tagget are recovering.

THE DERBY STAKES

Of 5,000 Sovereigns Won by Sainfoin, at Epsomdowns.

LONDON, June 4.—The race for the derby stakes—5,000 sovereigns to the winner, 500 sovereigns to the nominator of the winner and 200 sovereigns to the third horse—was run at Epsomdown this morning. Mr. J. Porter's Sainfoin, by Springfield, dam Sanda, second choice in the betting, won. Mr. LeFevre's Leonard, by Tristan, dam LaNoce, was second, and Duke of Westminster's Orwell, by Ben d'Or, third. The weather was showery, dull and unsettled. The betting was changed from that of last night, when the odds were Sainfoin 9 to 2, LeNord 12 to 1, Orvill 100 to 1. Sorefoot was on odds—on favorite at 2 to 1. The crowd present at Epsomdowns to-day to witness the race for the derby stakes was not as large as usual partly because of the belief that Surefoot could not be beaten and reduced to race to a small fund. Surefoot was the greatest favorite that ever started for the Derby since he won the 2,000 guniea. Hundreds of thousands pounds have been invested on him at odds and his defeat caused quite a sensation. Sanfain has steadily held second place in the betting during the winter and many shrewd people have maintained that he would beat Secrefoot over the Derby a mile and a half.

Orwell was the first away and led to the distance post. At this point Sainfoin went to the front and coming away won by three-quarters of a length from Leonardel, a neck before Orwell. The favorite, Surefoot, was fourth. The betting just before the start: Surefoot 9 to 4 on Sainfoin, 7 to 1 against; Pathbeal, 14 to 1; Golden Gate, 50 to 1; Kirkham, 50 to 1; Marlsgon, 100 to 1; Orwell, 100 to 1. Place betting, Sainfoin, 2 to 1 on; Leonard, 5 to 1 against.

SUDDEN SUMMONS.

Death of the Son of Dr. Irwin at Denver, Col.

This afternoon a telegram reached this city announcing the death of Mr. Duncan Irwin, son of Dr. J. S. Irwin, of this city, which occurred at Denver, Col., this morning.

The summons came unexpectedly. The young man has been employed there by his uncle. He was for several years a pupil in the Central grammar school and had a legion of friends, to whom these tidings will come with great sorrow.

The cause of his death is not known. Dr. J. S. Irwin, superintendent of public schools, father of the deceased, is at Indianapolis to-day and the news was telegraphed there at once.

Duncan was a youth of unusual promise. His parents have the sympathy of the community in their over whelming bereavement. The remains will be brought home to morrow.

Henry Lichtsin was fined $1 and costs, a total of $19, by Justice Hays last evening for cruelty to animals. Lichtsin abused a team of horses by whipping them. Attorney Henderson, for the defense, entered an appeal and the case will probably come up in the circuit court. Deputy Prosecutor Emerick appeared for the state.

Justice Wilkinson had the house-hold goods of H. M. Jones attached to satisfy an account for rent held by Catharine Mill. The goods were packed in a freight car ready to move. The case was settled.

The last will and testament of Sophia Foellinger, of Fort Wayne, was probated yesterday. She directed that her body be decently buried in St. John's Lutheran cemetery by the side of her deceased husband. To her children, Christian H. Foellinger, Sophia M. Smick, wife of Manford M. Smick; Elizabeth C. Foellinger, Mary M. Foellinger and Mina D. Foellinger, she left eighty acres of land in Allen county; to her daughters, Sophia M. Smick, Elizabeth C., Mary M. and Mina D. Foellinger, all her personal property of every description, including money on hand, on deposit or due from others. In the event of the death of one of her children without issue the deceased desired the share so left to be divided equally between those living, and should any one of them die with offspring, then such issue to take the share the parent would have taken if living. Manford M. Smick was appointed executor of the will.

SWALLOWED A LIZARD

And Ejects it From His Stomach After It Had Made Its Home There Two Years.

LAFORTE, Ind., June 4.—John Lingard, of Mill Creek, this county, was taken with a violent fit of vomiting last Saturday, and during a severe struggle, a small lizard was ejected from his stomach. The animal was dead and was partially encysted. It is supposed Lingard swallowed it about two years ago while drinking some water. The long retention of the animal had poisoned Mr. Lingard's entire system and his death ensued yesterday.

CAUGHT NAPPING.

A Horse Thief Captured and Brought to This City.

THE SENTINEL has already given some of the particulars of the stealing of a bluk mare last Sunday evening from the home of William Clark, who lives four miles from this city. The thieves took the animal to Huntington and sold it to William Hall, a traveling horse trader.

Yesterday it was ascertained that the animal had been stolen and at once a posse of men started to hunt the thieves. They were joined by farmers with revolvers and guns and after a hard search and pursuit one of the fellows, giving his name as Frank Pohle, of Chicago, was found in the woods about two miles east of Andrews. He was asleep when found, but woke up, started to run and offered resistance by firing stones at the pursuers. He finally was captured and brought to the city and placed in jail. He denies stealing the horse, but says he was with the fellow that did it. He says, though, that he sold it. When captured he had $20 of the money and this he returned to Mr. Hall.

The capture was made under the direction of Sheriff Viberg, and Sheriff Bratton, of Huntington, effected the capture by strategy.

Turnkey Lindsey, of this city, went to Huntington last night and returned with the prisoner this morning. Pohle, as he calls himself, says that the horse was stolen by Jack Wright, one of his companions, but his story is not credited.

TO-NIGHT.

BERRY STREET M. E. CHURCH—Address by Mrs. Fannie Berry Wallace.
PRAYER MEETING At the different city churches.
COMMERCIAL Royal K. of P.; Patriarchal Circle; Royal Arch Masons monthly at office.

THE candidates for office are getting in their work at a lively rate just now.

THE county commissioners have granted sixty-nine liquor licenses during the present session.

THE barbers of Huntington, Fort Wayne, Montpelier, Hartford City, Bluffton and Muncie will hold a reunion and picnic at Montpelier next Sunday.

ATTORNEY GENERAL MILLER, who was in the city yesterday, says his visit had no political import. He came to look after his property interests here and left last evening for Washington.

THE Odd Fellows' decoration day occurs Tuesday, June 10. It will be generally observed by all the lodges in the city. Many members of the order from abroad will be present. The program, exercises of the day and line of march will shortly be made public.

THE street fakirs hold the crowds on the court house square almost every night and delude the people into buying their wares. They get prices for inferior articles that our merchants sell good articles for, and yet "the suckers" continue to bite as long as the "bait" is thrown out to them.

MRS. ELIZABETH WHITE, a well-known lady of Rich Valley, Wabash county, has been declared insane. She labors under the hallucination that she is perpetually engaged in a hand-to-hand encounter with the devil, and though not violent, her friends deem it best to have her confined in the asylum.

FRANCIS MURPHY, the renowned temperance orator, will shortly wed, the lady of his choice being Mrs. Rebecca Fisher, a beautiful and wealthy widow of Council Bluffs, Iowa. The alliance was formed while Mr. Murphy was holding a series of meetings in that city last winter. Mrs. Fisher is an accomplished woman and a leader in church circles. Mr. Murphy is a widower and is fifty-five years old.

DEKALB county has furnished, we believe, the first case giving practical effect to the statute that prescribes forfeiture of office as one of the penalties of bribery. Joseph Wilson, democrat, who was defeated for trustee of Stafford township, by Charles Arford, republican, brought suit for possession of the office on the ground of alleged bribery of voters by Arford. The allegation was proved and Wilson gets the office.

WM. LUCHRIDER, a prisoner in the Michigan City penitentiary, who was sent up from Delaware county, September 16, 1886, for perjury and larceny, hanged himself in his cell Monday night, two towels being used as the instruments of death. He was thirty five years old. His time would have expired the 16th of this month. His wife a few days ago secured a divorce, and the suicide is attributed to her actions.

THE stockholders of the Fort Wayne Homestead, Loan and Trust company held a meeting last night at the office of Mr. S. C. Lumbard and elected the following officers: President, John M. Coombs; vice-president, F. A. Newton; secretary, S. C. Lumbard; assistant secretary, W. J. Beck; treasurer, C. E. Bond; board of directors, F. A. Newton, S. C. Lumbard, W. J. Beck, J. M. Coombs, C. E. Bond. The organization is in a flourishing condition.

MISS ALICE R. PARKER, the state organizer of the Women's Christian Temperance union, delivered an interesting and brilliant address last evening at the sessions of the societies which are now holding a joint convention in this city. She told of the work that is being done by the temperance union in the way of saving the drunkard from his cups and depicted in glowing colors the dangers that beset the path of the young. Mothers should take an active part in the temperance work and aid by their work in checking the curse that follow the use of intoxicating drinks. Miss Palmer is an able lady orator and is doing a grand work for temperance in the state.

THE SCHOOL APPORTIONMENT.

The state superintendent of public instruction has completed the school apportionment for the next school year. Because of reduction of interest on the school fund from 8 per cent. to 6 per cent., the amount of each child's number who is 21, whereas last year it was $1.36. It is estimated that the decrease in the per capita will shorten three or four schools next year about 14 days. The total income of the state for school purposes next year will be, from the school tax, $814,634.01; interest on the common school fund, $196,940.82; miscellaneous fees, etc., $19,071.15; total, $1,030,085.28. The congressional township fund is in addition to this amount. Of the money $10,000 will go to the state normal school, $1,016,052.87 to the counties and $10,032.92 will remain in the treasury.

Of the counties in the state forty-eight draw from the school revenue more than they pay into it, and forty-two pay in more than they draw out. The method by which all the children of the state are given equal facilities for obtaining an education is here clearly shown. The poorer communities receive help from the more prosperous. Crawford county pays into the fund this year $2,586.19 and draws from it $7,614.76; Harrison county pays in $5,377.39, and draws out $10,406.61; Morgan pays in $3,622.03, and receives back $7,221.65; Orange pays in $4,495.55, and receives $7,608.50; Clarke pays in $10,515, and receives $17,202.92; Brown pays in $3,063.30 and receives $4,995.43. On the other hand Fayette county pays in $8,273.62, and draws out only $1,970.11; Union pays in $5,497.20, and receives but $2,813.88; Wayne pays in $25,315, and receives $16,960.57. For the first time in years, the amount which Marion county pays in will amount to a little more than it receives. Both Vigo and Vanderburgh counties receive more than they give.

The enumeration of school children in the state shows a slight decrease from the number reported in 1889. In that year there were 770,875, while this year there are 770,723. Several counties show a falling off, while the counties in the natural gas belt show substantial gains.

KNIGHTS OF PYTHIAS.

The Order Reviews a Year's Work—Question of Admitting Saloon Keepers.

The order of the Knights of Pythias has had a remarkable growth in Indiana. There is now scarcely a town in the state that does not support one or more subordinate lodges. In all there are 247 lodges in Indiana, with a total membership of 17,897, a gain of twenty-eight lodges and 3,246 members during the year. The order has outgrown its home in Indianapolis. The grand lodge, which convened at Indianapolis yesterday, was compelled to meet in the grand lodge room of the order of Odd Fellows, and even that spacious hall was not large enough to satisfactorily accommodate the 600 delegates attending the session. It has become imperative that a new home be erected in Indianapolis, headquarters for the grand lodge and the uniform rank, and some definite steps will likely be taken by this meeting to erect a splendid castle hall, with a lodge room, capable of seating not less than 1,000 people. The local lodges have already prepared a plan for the erection of such a building, which only needs the sanction of the grand lodge to become operative.

Judge J. C. Suit, of Frankfort, grand chancellor of the grand jurisdiction of Indiana, addressed the representatives of the subordinate lodges. He called attention to the fact that there are more young men, in proportion to membership, belonging to the order than to any other like organization in the world. Judge Suit defended the action in issuing a circular a year ago calling for aid for the striking Clay county miners. He said every word of the circular was true, and if the circumstances called for action to-day he would do precisely as he did then. "There were," said he, "some very unkind things said and done by members of the order in that part of the state, who were, I am willing to concede, equally honest in their belief with myself. The most ungenerous and unkind things were said that I did what I did to promote personal and political ambition."

Lotteries and "gift enterprises" were condemned by the grand chancellor.

The annual reports by James B. Pugh, grand instructor; C. F. S. Neal, grand master of exchequer, and of Frank Bowers, grand keeper of records and seals, were also read.

The order's financial condition is satisfactory. The receipts for the year were $162,610.65. Much of this money was spent in the relief of the sick and distressed.

One of the most important questions to come up for consideration is the one affecting the eligibility of saloon keepers to membership. The lodge last year decided that no man engaged in the retail sale of liquor should be admitted, but the supreme councilor held that the action was illegal. The grand lodge proposes to adhere to its former actions.

EASILY WON.

Fort Wayne Walks all With Elkhart's New Players Signed —Notes.

YESday's game between Elkhart and Fort Wayne resulted in favor of the home club by a score of 13 to 3. The home battery was McCarthy and Davis. It was a pretty good game. The pitching of McCarthy was good, only four of his being legitimate hits. The batting of Ferris was brilliant. The batting in the last of the ninth and Martin for three cottery and Ferris paved fairly well, although the latter was his last.

Ferris made four hits out of five times at bat. Ellery got two singles and a three base hit. Gallagher a two base hit, Scott a single and Davis a hit.

The support of the Fairies on bases is bad. Ellery played shortstop in place of Benton who is serving a two weeks suspension, and he filled the place well, not once error being marked up against him. Adams had two errors on third. Downing did some more good batting. Bowerman, who is signed as catcher, played left field. He proved a good man in his first game here, making good safe hits and running in two scores. He will be used to relieve Ferris behind the bat.

The game summarized is as follows:

By innings.....	1	2	3	4	5	6	7	8	9
Fort Wayne.....	1	0	2	2	1	0	1	5	0—13
Elkhart.....	0	0	3	0	0	0	0	0	0— 3

Earned runs—Fort Wayne, 6

Two base hits—Scott, Gallagher Martin.

Three base hits—Bowerman, Ellery. Home run—Downing.

Stolen bases—Fort Wayne, 3; Elkhart, 2.

Double plays—Ellery to Quirk to Scott.

Bases on balls—Fort Wayne, 1; Elkhart, 4.

Struck out—By McCarthy, 1; by Crandall, 4.

Passed balls—Martin, 3.

Time of game.—One hour and fifty minutes.

Umpire—Phillips.

THE BIG GAMES.

Brotherhood—At New York, New York 5, Boston 11; at Philadelphia, Philadelphia, 5, Brooklyn, 6; at Buffalo, Buffalo 3, Pittsburg 7; at Chicago, Chicago 4, Cleveland 0.

National League—At New York, New York 7, Brooklyn 20; at Philadelphia, Philadelphia 6, Boston 4; at Pittsburg, Pittsburg 7, Chicago 8; at Cleveland, Cleveland 2, Cincinnati 5.

American Association—At Brooklyn, Brooklyn 6, Rochester 1; at Syracuse, Syracuse 7, Athletics 8; at Columbus, Columbus 6, Toledo 3; at Louisville, Louisville 5, St. Louis 2.

NOTES.

Allen's off day yesterday.

Fort Wayne and Peru to-day.

Elkhart still retains its bad kinkers.

Anderson forfeited a game at Kokomo yesterday.

The attendance was the lightest of the season.

Ferris has caught twenty-five consecutive games.

Downing made the first home run of the Fort Wayne team yesterday and for the feat was presented with a $10 gold piece by Belger & Lennon.

In thirteen games the home players made 116 runs, 155 hits, and fifty-two stolen bases. The visitors made seventy seven runs, 109 hits, and fifty-eight stolen bases. Quirk made thirteen of the home club's stolen bases.

Of the favorable things that the Fort Wayne club gets credit for is their gentlemanly conduct. It is said at home and abroad. They neither kick nor dispute over an umpire's decision, even if it is wrong. The coaching of the home club is not bad, either.

The following is the batting order in to-day's game: Quirk, second base; Allen, third base; Scott, first base; Downing, right field; Ferris, catcher; Gallagher, center field; Ellery, short stop; Bowerman, left field; Wheeler, pitcher; bench, McCarthy.

What to Do with a Mad Dog.

By Chute: He had become a millionaire, and he took a special delight in showing up those who he was very proud of. One day the servant came to him hurriedly and said:

"Mr. Chute, master! Quarter!"

"Eh?"

"Mad! He won't touch water and he foams from the mouth constantly."

"Great heavens! It is lucky you discovered it in time. You must not lose a minute. Take the animal at once, before he has bitten any one!"

"Yes, sir."

"And sell him!"—From the French, in Texas Siftings.

Son (haughtily)—Why, he said I looked like you.—Hacket.

Drummers' Experiences.

First Drummer—On the Atlantic and Pacific railroad a few days ago a locomotive lost its smokestack in a collision. Well, sir, they just stuck a barrel over the hole and went right along as if nothing had happened.

Second Drummer—That reminds me of an accident that happened to a train I was on recently. The engine jumped the track and was smashed all to flinders, but in five minutes we were moving along toward the next station, where we arrived only a little late.

"Humph! How could that be?"

"We got out and walked."—New York Weekly.

Wanted to Be a Man.

"Do you know of any good tailors?" said Willie Washington to a friend.

"Yes, I can direct you to several."

"I want five."

"Five!"

"Yes; I've got found now. You know the proverb about nine tailors. Well, I thought I'd see what five mean would do for me."—Washington Post.

SCALY SKIN DISEASES.

Psoriasis 5 years, covering face, head and entire body with white scales. Skin red, itchy and bleeding. Hair all gone. Spent hundreds of dollars. Pronounced incurable. Cured by Cuticura Remedies.

Cured by Cuticura.

My disease (psoriasis) first broke out on my left cheek, spreading across my nose, and almost covering my face. It ran into my ears, and the physician was afraid I would lose my eyesight altogether. I spread all over my head, and my hair fell out, until I was entirely bald-headed; it then broke out on my arms and shoulders, until my arms were just one sore. I covered as a little body, my face, head and shoulders being the worst. The white scabs fell constantly from my head, shoulders and arms; the skin of my head was a red sore, very itchy, and would crack and bleed if scratched. After spending many hundreds of dollars, I was pronounced incurable. I heard of the Cuticura Remedies, and after using the Cuticura Resolvent, I could see a change, and after I had taken four bottles, I was almost cured; and when I had used six bottles of each, I was cured and one box of Cuticura, and one cake of Cuticura Soap, I was cured of the dreadful disease from which I had suffered for five years. I expected the disease would leave a very deep scar, but the Cuticura Remedies cured it without any scars. I cannot express with a pen what I suffered before using the Cuticura Remedies. They saved my life, and I feel thankful to recommend them. My hair is restored as good as ever, and so is my eyesight. I know of others who have received great benefit from their use. MRS. SCROFULA

Is that impurity of the blood which produces unsightly lumps or swellings in the neck; which causes running sores on the arms, legs, or feet; which develops ulcers in the eyes, ears, or nose, often causing blindness or deafness; which is the occasion of running, ulcerous growths, or "humors," which, fastening upon the lungs, cause consumption and death. It is the most prevalent of all diseases, and very few persons are entirely free from it.

How Can It Be CURED

By taking Hood's Sarsaparilla, which, by the remarkable cures it has accomplished, has proven itself to be a potent and peculiar medicine for this disease. If you suffer from scrofula, try Hood's Sarsaparilla.

"Every spring my wife and children have been troubled with scrofula, my little boy, three years old, being a terrible sufferer. Last spring he was one mass of sores from head to foot. We all took Hood's Sarsaparilla, and all have been cured of the scrofula. My little boy is entirely free from sores, and all four of my children look bright and healthy." W. E. The Ball corset has soft eyelets. Soft eyelets are loops of corset lace stitched into the corset; softer, smoother, pleasanter, neater, more womanlike than metal.

The Ball is the easiest ever worn by woman. The ease is due to covered coils of fine-wire spring in the sides. These springs hug the figure gently, and yield with every little strain.

The Ball is "boned" with Kabo that never breaks or kinks or rolls up or shifts from its place.

You can wear a Ball corset two or three weeks; and, if you don't like it, return it to where you got it and get your money back. The manufacturer pays the merchant to do that.

One man can build an eight-wheel passenger locomotive for a standard-gauge railroad in 1,500 days; it will require 1,050 days' work for him to build a consolidated ten-wheel locomotive for a standard gauge. The wages of skilled labor run from $2 to $4 a day; this would give an average of $3 a day, or $4,635 for the engine. The cost of the necessary metal to build a locomotive is usually estimated at about $2,000. The profit may be put down at another $2,000, which would include the expenses of sale and delivery. This would make an engine, when absolutely ready for service and complete in every way worth about $8,635.

St. Louis, Mo., June 3.—This afternoon Mrs. Nellie Busch-Weber, eldest daughter of Mr. and Mrs. Adolphus Busch, was married to Mr. Arthur Mangus, of Chicago. For an alterative and tonic it has never been equalled."

A MARVELOUS PREMIUM.

THE MUTUAL LIFE INSURANCE COMPANY,

OF NEW YORK, SECURES IT.

Nearly $600,000 Paid by Members of one Family for Insurance in the Mutual.—"The Most Stupendous Transaction Known in the History of Insurance.—"It has Never Been Done Before; It Never Will Be Done Again."

E. C. POTTER & CO.

No. 799. New York, Dec. 24, 1889.

BANK OF NEW YORK,
National Bankers Association.

Pay to the order of J. C. HOPKINS, Genl Executive Agent

Five hundred and Seventy Eight Thousand, Three Hundred and Forty Five ——— DOLLARS.

$578,345 10/100 — 29 DEC. 1889.

CERTIFIED, Payable through New York Clearing House, N. Y. A.

E. C. POTTER & CO.

The above check was received by the Mutual Life Ins. Co. of New York, for insurance effected upon the lives of five members of the illustrious Havemeyer family of the City of New York. The Policies selected were the 10 year guarantee contracts of the Mutual Life's with the annuity feature added. Each policy was for the sum of $100,000 and the insured chose to make but one payment, thus commuting the cost. The insurance covered by the above mentioned premium payment of $578,345.00 was upon the lives of Mr. Theo. A. Havemeyer, the well known Merchant of this City, and Four members of his family. Mr. Theo. Havemeyer, is the Austrian Consul General and a Gentleman of wide influence and of great business sagacity. Mr. E. C. Potter, whose signature is appended to the check, is the son in law of Mr. Havemeyer, and is one of the most prominent of bankers and brokers operating upon the stock exchange. There are two significant points for consideration in connection with this Insurance.

First, that the Messrs Havemeyer seeking a profitable and safe investment of a vast fund, selected Life Insurance as offering more substantial and greater security than any other form of investment. Second That they had such faith in the management and stability of the Mutual Life Insurance company of New York, that they willingly entrusted to its care nearly $600,000 in cash without any security whatever, and only the PROMISE of the company to pay.

The particulars of the life insurance contracted for by the family of Mr. Theo. A. Havemeyer, with the MUTUAL LIFE INSURANCE COMPANY, by which that institution received a single premium payment of $578,345.00, will excite wonderment and surprise in the world of underwriting, and set the general public to thinking of the possibilities of life insurance as an investment.

The idea of a party with six hundred thousand dollars of spare cash on hand, putting it all into life insurance.

Why didn't they build houses or purchase stocks, or do a dozen other things with it? Life insurance for an investment! That's all very well, some people think, if you must do it. But here are five members of one family engaged in merchantile pursuits, fully alive to the value of every financial scheme of importance in this or any other country, who after examining every tempting investment, came to the conclusion that the safest, most profitable and altogether desirable one, is that offered by the MUTUAL LIFE.

Then think of the fact that all this money, far exceeding half a million dollars, is placed in the hands of the company without other security than its promise to pay. If that is'nt an evidence of confidence, what could be?

IT'S THE LARGEST, STRONGEST AND BEST LIFE INSURANCE COMPANY IN THE WORLD. Its assets are thirty millions greater than those of any other American Life Insurance company. Over eighty millions greater than those of any life office in Great Britain, and sixty millions greater than the entire funds of the bank of England, which is the largest banking institution in the world.

The Mutual Life Issues Every Desirable Form of Policy.

THE ENDOWMENT POLICY

OF THE

NEW-YORK LIFE INS. CO.

With Annual Dividends.

An Endowment Policy is, as its name indicates, something more than a contract of insurance. But it furnishes insurance, and this fact should never be lost sight of in considering its merits. It provides a cash payment of the full amount of the policy, if premiums are paid until the end of a certain period; but because it does this a man should not straightway assume that he will surely live until that time, and so discount the insurance feature entirely. The need of insurance is a present need, and will be a constant and continuous need until the endowment period ends, unless the need is sooner demonstrated by the death of the insured.

There is no class of men, whatever their occupations, antecedents, constitution, faith, determination, prospects or precautions, who are exempt from the present, constant and perpetual risk of death. So much is inevitable, whatever the profits of business, the health of the family, or the increase and needs thereof. Write this over your desk in the counting-room and upon the walls of your bed-chamber; let it be with you as you sit down and as you rise up; let it enter into all your plans, as the one thing that must needs be—to-wit, that one man in three living at age 30 will die between 30 and 61, one in three living at age 35 will die between 35 and 62, one in three living at age 40 will die between 40 and 64, one in three living at age 45 will die between 45 and 65, one in three living at age 60 will die between 60 and 66.

Having remembered this risk, and being determined to make provision for it, you may then remember and make provision for the other and co-existent alternative, namely: that, two men in three living at age 30 will live to be 61, two in three living at age 35 will live to be 62, two in three living at age 40 will live to be 64, two in three living at age 45 will live to be 65, and two in three living at age 50 will live to be 66. The needs of the living at age 61 to 66 may not be quite as imperative as the needs of families which are bereaved during the years which precede, but when we consider that the living are twice as many in number as the dead, provision for them will surely not appear unimportant. It may not be true that ninety per cent. of business men fail to acquire a competence for old age, as is sometimes asserted, but every one will admit that most men above sixty will remember a good many dollars spent with less benefit to themselves than endowment insurance would have brought.

This is a point to be constantly borne in mind, viz.: that, persons who live beyond sixty years of age very likely have earned enough for their families' support until that time, and for their own support during the balance of life, if only it has been saved and devoted to these purposes. This is what an Endowment Policy does—it gathers up life's earnings as life is lived, and makes them sufficient for whichever of the two contingencies of life is realized, viz.: death during the endowment period, or life after that period has passed.

The New York Life Insurance Company issues Endowment Policies payable in ten, fifteen, twenty-five, thirty or thirty-five years, or at death if prior. Premiums are made payable annually during the endowment period, or the policy may be paid up by five or ten annual premiums. The annual dividends declared on these policies, in the form of paid-up insurance, increase the amount of insurance and endowment to be paid at the maturity of the policy, or they may be converted into cash to reduce the premiums payable.

The New York Life Insurance Company's policies of every kind, as now issued, contain nonforfeiture provisions; its Endowment Policies provide for paid-up policies by the rule of proportional parts, after three annual premiums have been paid:—thus, after five annual premiums have been paid on a Twenty-Year Endowment, it is exchangeable for a paid-up policy for one-fourth of the amount originally insured.

The New York Life Insurance issues all kinds of policies that will suit the rich and the poor, that will give you the full benefits of the investment together with the full amount your policy calls in anything from $1,000 to $100,000 issues on a single life, male or female. Protect your family, protect your property.

Kinds of Policies issued by the New York Life Insurance Company:

1—Ordinary Life Policies.
2—Limited Payment Life Policies.
3—Endowment Policies.
4—Annuity Policies.
5—Tontine Policies.
6—Joint Life Policies—a splendid contrast for partners in business or mutual indorsers, or for man and wife.
7—Five Year Dividend Policies.
8—Twenty Year Distribution Policies.
9—Fifteen and Twenty year 4 per cent. Bonds with the life insurance feature, giving protection on your life for the face of the bond should death occur before the bond is paid for.

The special advantages of each policy will be explained by Phil. L. Geisler, general agent, who is now at the Aveline Hotel, where he respectfully invites any and all persons to call that are contemplating taking Life Insurance. Call or send in your address. Mr. Geisler will be pleased to meet any appointment, give rates and a complete estimate of any age on any of the New York Life Policies.
